

# About This Website

CAMBens Discounts<sup>1</sup> is a shopping discounts scheme for employees of the University of Cambridge. On this site you will find hundreds of discounts and offers to help you save money on just about anything, from fashion to fridges, holidays to healthcare, or DIY and days out.

We work hard to bring you the best offers from your favourite shops and suppliers and are 100% independent. This means that we don't take payment from a shop for featuring them on this website, and we don't earn any commission from the stores for the purchases that you make. All of the costs associated with running this scheme for you are met by the University.

All of the offers that you will find on this website are available because we believe that they offer a really great product and discount, not because we get paid to promote them!

There are a number of ways that you can make great savings with CAMBens Discounts, all designed to help you get a great discount, however you like to shop.

## Cashback: a great way to save

If you prefer to shop online and enjoy browsing and researching the best prices available, want to make bigger discounts on top of sale prices, and like to earn money to put towards future purchases then you will love our Cashback offers. Cashback is a great new way to save money, just shop online as you normally would and we reward you by paying back a percentage of your total spend or a fixed amount depending on what you buy. All of the details about what you will be rewarded feature on the offer page so you can easily find the best offer and save the most money!

## Online discounts

If you have your eye on something brand new that you really want but it will be months until it will appear in the sales, make an immediate saving with one of the online discounts. These usually take the form of special discount codes which you need to enter when you pay for your purchase in the store's online checkout. You

may find that some shops offer a discount plus a Cashback offer, when this is the case, you can use both of the offers to make an even larger saving than usual. You will need to be quick though, as these offers are usually only available for limited time periods.

## Save when you shop in-store

If you prefer to browse in your favourite shops on the in-store rather than buy online; our discounted shopping vouchers and reloadable cards are the perfect way to make savings. Buy them in advance and keep them in your wallet or purse to ensure that you always have a great discount at your fingertips. This is the perfect solution if you like to make purchases spontaneously but regularly shop in the same stores, or if you like to try before you buy. Vouchers and cards are also really handy if you are thinking of making a big purchase such as home improvements including kitchens and bathrooms, or DIY.

## On the phone

If online shopping isn't for you or you don't have access to a computer, there are also a lot of offers available by telephone. For further details call the Helpdesk on 0845 299 0908 (Mon-Fri, 8am to 8pm. Sat-Sun, 10am to 4pm) and an advisor can talk you through the offers available.

## How do I register and start saving?

### Step 1

Go to [www.cambensdiscounts.co.uk](http://www.cambensdiscounts.co.uk) and register using your personal reference number. You can find this on your payslip under Reference Number.

### Step 2

Log in with your email address and chosen password.

### Step 3

Browse the site for the best deals and discounts that are right for you. Once you have found an offer simply click the link and follow the prompts to place your order.
