With the exception of 'The Worst Journey in the World', all events are at 8.00 p.m. in the Scott Polar Research Institute, Lensfield Road. They are open to all who are interested, and seats will be reserved, on request, for 'Friends of the Institute'. Tickets for 'The Worst Journey in the World', are available from the Institute Office: Tel: 01223 336540.
29 Jan. PETER WADHAMS, Reader in Polar Studies,
Scott Polar Research Institute
**From Greenland's icy oceans—the threat of
climate cooling**
Wintertime convection in the Greenland Sea is
diminishing due to global warming and ice

retreat. There are fears that this may lead to cooling of the climate of Britain and NW Europe. The speaker has carried out several mid-winter expeditions to the Greenland Sea and reports on the latest results.

- 12 Feb. EMMA WILSON, Scott Polar Research Institute
**In the shadow of the volcanoes: Kamchatka, World
Heritage and local communities**
In 1998, the speaker led a Cambridge University expedition to assess land use in Brystrinsky Nature Park, a World Heritage site under threat from gold mining. Working with the Kamchatka Institute of Ecology and local communities, she describes the conflicting perspectives of developers, environmentalists and local inhabitants.
- 26 Feb. BERNARD STONEHOUSE, Scott Polar Research
Institute
Tourists in Antarctica—a growing concern
Leader of the Institute's ten-year investigation of ship-borne tourism, 'Project Antarctica Conservation'. The speaker reports on the growth, impact and management of an industry which, whilst enabling more people than ever before to enjoy the beauties of Antarctica, has aroused environmental and safety concerns.
- 11 Mar.
4.00 p.m. **The Worst Journey in the World: a play for one
voice**, by John Gardner. Based on Apsley Cherry-Garrard's classic account of Scott's Last Expedition. Performed by Chris Crooks, this R.S.C. fringe production was a 'sell out' when last given at the Institute in April 1994.
(Admission by ticket only: £5.00).
- 8.00 p.m. MICHAEL SMITH
Unsung hero: Tom Crean of the Antarctic
Crean played a prominent role in both the Scott expeditions, being awarded the Albert Medal for his part in saving the life of Lt. Teddy Evans. On Shackleton's Endurance expedition, he was one of the six sailing from Elephant Island to South Georgia and one of the three crossing the Allardyce Range. The speaker is author of the first biography devoted to this great man.

IT/COMPUTER TRAINING COURSES

The Computing Service offers the following IT training courses which are free for current students and staff of the University. Most courses start at 2.15p.m. and end by 5p.m. and are held at the New Museums Site, but there are exceptions so please check times and venues when registering. Some are entirely practical, while others take the form of a lecture and demonstration followed by a practical session, and few consist of a lecture only. For 'all-practical' sessions, which have a limited number of places, priority will be given to those who have booked in advance and arrive in good time. Self-paced 'teach-yourself' modules are also available (see below). A printed timetable giving times and locations, and a booklet containing course descriptions may be obtained from Computing Service Reception; this information is also provided on the World Wide Web (URL <http://www.cam.ac.uk/CS/Courses/>). The next programme will be in the Easter Term, starting in late April 2000. Note that the Computing Service also provides documentation on many topics in the form of handouts,

Additions and Corrections

information sheets and leaflets (see Web page <http://www.cam.ac.uk/CS/Docs/> or request a copy of handout H9 *Publications Available*).

It is essential to register in one of the following ways (in order of preference):

- Complete a form on the World Wide Web (<http://www.cam.ac.uk/CS/Courses/>)
- Send an email message to: course-admin@ucs.cam.ac.uk
- In person at Computing Service Reception, New Museums Site, Pembroke Street
- Telephone (3) 34662

Please note that only electronic (Web and email) bookings will be confirmed, and reminders only sent if a valid email address is supplied. A standby system is used for oversubscribed courses. If unable to attend for any reason, please cancel bookings giving as much notice as possible so that someone else may take the place, and to avoid waste of resources such as excess copies of printed notes.

* Indicates that some prior knowledge or experience is required (either basic computing skills and/or knowledge of the application as detailed in the individual course descriptions). In all cases this may be acquired by attending one or more of the introductory courses.

Teach-Yourself Computer Training Courses

In addition to the programme of formal courses, a selection of self-paced training material is provided for loan, or in some cases purchase, from Computing Service Reception, New Museums Site, Pembroke Street. Modules on offer at the time of going to press are listed below, but new ones are added from time to time. As well as duplicating topics covered on the taught courses, for the benefit of those who cannot attend or who prefer this method of learning, they cover other subjects and also more advanced levels. It is advisable to ring (3) 34662 to check availability beforehand. A deposit of £50 is required for courses which are borrowed; this usually takes the form of a cheque which is returned when the material is brought back on time and in good, fully usable condition. In most cases it is necessary for the modules to be used on a computer with the correct version of the software installed; in some but not all cases Computing Service facilities may be used. As with most commercial software, there are licence restrictions which forbid copying of courseware, unless expressly permitted. For information about a particular module, see the description either on the World Wide Web (<http://www.cam.ac.uk/CS/Courses/>) or the booklet which is available on request from Reception.

Long Vacation Courses 2000

Chemical Engineering Tripos

A course of directed reading in the Long Vacation will be provided for prospective candidates for Chemical Engineering, Part IIA, who, having obtained honours in a subject other than Chemical Engineering Part I, are seeking leave of the Chemical Engineering Syndicate to read Chemical Engineering Part IIA.

Computer Science Tripos, Part II (General)

Students intending to read for the Computer Science Tripos, Part II (General) from October 2000 are required to attend a course in Computer Programming in Java given by Dr F. H. KING. The course will begin at 9.30 a.m. in the Hopkinson Lecture Room on the New Museums Site, on Monday 17 July, and will end on Friday, 28 July. The course consists of lectures, demonstrations, and practical work.

Computing Service. Dr SAYER'S notice.

The Computing Service intends to run several IT training courses including the use of the Internet facilities including the World Wide Web and electronic mail, personal computers, the Unix system, and popular word processing, spreadsheet and database applications in July. Note that the most popular courses are held at this time of year. In addition to the programme of formal courses, self-paced training material is provided for a loan, or in some cases purchase. Notices will be circulated as usual to all departments, colleges and libraries. Further information may be obtained from Computing Service Reception, New Museums Site, Pembroke Street, telephone 34662, email: course-admin@ucs.cam.ac.uk, or World Wide Web page <http://www.cam.ac.uk/CS/Courses/>.

Divinity

The Faculty Board of Divinity propose the following classes:

- (1) *Elementary Greek*. Intensive course for one week beginning 24 September 2000. Intending students should apply in writing to Dr J. N. B. CARLETON-PAGET at the Divinity School, St. John's Street by 14 September 2000.
- (2) *Elementary Hebrew*. The course will begin on Monday, 3 July 2000, in the Divinity School. Intending students should apply in writing to Dr A. A. MACINTOSH at the Divinity School, St. John's Street, not later than 16 June 2000.

Geography

There will be no formal instruction in the Long Vacation, but the Department will be open to students who wish to use the library.

Land Economy

Students intending to take Part IB, and Part II of the Land Economy Tripos without having taken Part IA or Part IB respectively should note the following:

- (i) Students who have not taken Part I of the Economics Tripos must undertake reading in Economics prior to starting the Land Economy Tripos. It is essential that students should obtain details on this from the Department of Land Economy before the end of the Easter Term. There will be no formal instruction in the Long Vacation.
- (ii) Students who have not taken Part IA of the Law Tripos should attend the Legal System and Legal Method and Law lectures in the Long Vacation course given by the Law Faculty. A timetable of this course will be available near the beginning of the course from the Law Faculty.

Law

The Faculty of Law will give a course in the Long Vacation for candidates intending to take Part IB of the Law Tripos, in the Easter Term 2001 and, who have not previously read law. The course will run during the week 25 September–29 September 2000. Full details will be provided nearer the time.

Music

There will be no formal instruction, but lecturers in residence will give advice to undergraduates who require it.

Natural Sciences Tripos, Part IB

Ecology. FACULTY BOARD OF BIOLOGY notice.

Students intending to read Part IB Ecology will be expected to attend a two-week field course during the Long Vacation. The course will be held at Juniper Hall, Dorking, from Friday 23 June, to Friday 7 July 2000. Students will be required to make a small contribution towards the costs. Students who do not attend will be at a disadvantage. Any student needing advice in this connection should consult his or her Director of Studies and, if necessary, Dr A. BALMFORD, Department of Zoology, or Dr E. TANNER, Department of Plant Sciences. Further details of the arrangements will be available in the Departments of Plant Sciences, Genetics and Zoology.

Geological Sciences A and B

There will be a field course in Geological Field Methods at Sedburgh, from 26 June to 6 July 2000 led by Dr WOODCOCK. This course is primarily for students intending to take either or both the Part IB Geological Sciences courses in 2000.

Natural Sciences Part II**Biochemistry.** Professor BLUNDELL'S notice.

There will be no formal Long Vacation courses for those reading Part II Biochemistry in 2000–2001. All students on this course will be given advice on reading and will be expected to attend formal teaching, which will commence on Monday, 2 October 2000.

Chemistry

There will be no formal Long Vacation course.

Genetics

There will be no formal Long Vacation course. Students with little background biology will be asked to do some directed reading.

Geological Sciences. Professor SALJE'S notice.

The following courses will be given:

- (1) A course of lectures, practical work and field work designed to be suitable for all students taking Part II (A) and Part II (B) in 2000–2001 (except those taking Mineral Sciences). The field course will take place on 23 June to 8 July in Skye.
- (2) Mineral Sciences course. A course of lectures and laboratory work which is essential preparation for those students offering a Mineral Sciences project in 2000–2001. Candidates should see Dr M. T. DOVE before the end of the Full Easter Term to obtain further details.

Materials Science and Metallurgy. Professor WINDLE'S notice.

There will be no formal course during the long Vacation for undergraduates preparing to take Part IIA, Part IIB or Part III during the academical year 1999–2000. Instead undergraduates are strongly encouraged to obtain industrial or similar experience during the Long Vacation.

Students expecting to take the three year Part IIA in 1999–2000 will be expected to submit to the Examiners a report carried out on approved work performed during the Long Vacation in 1999. The topic of the report may be *either* a project carried out in a research, development or other approved establishment in industry or elsewhere, *or* a project carried out in the Department.

Students taking Part III in 1999–2000 will be expected to submit to the Examiners a report carried out on approved work performed *either* during the Long Vacation in 1998 *or* during the Long Vacation in 1999. The topic of the report may be *either* a project carried out in a research, development or other approved establishment in industry or elsewhere, *or* a project carried out in a Department.

Advice and assistance in finding industrial or similar experience will be available through the Department. For those Part IIA students and Part III students unable to obtain a suitable industrial placement, arrangements will be made for them to carry out a project in the Department during the Long Vacation period of residence, starting at 9.30 a.m. on Monday, 5 July 1999.

Pathology. Professor WYLLIE'S notice.

Candidates who intend to read Pathology for Part II of the Natural Sciences Tripos 1999–2000 should meet in the Department of Pathology on Monday, 5 July 1999, at 10 a.m. On that day arrangements will be made for candidates to meet Professor Ferguson-Smith, the organisers of the course options and supervisors of the research projects. Students are advised to begin work during the Long Vacation period of residence.

The course is organised on an option system. Students will take two options out of five (Cellular Pathology, Immunology, Microbial and Parasitic Disease, Virology and Genetic Pathology). Detailed information on these options is available in the Department of Pathology.

Zoology. Professor BURROWS' notice.

A Field Course will be provided for students who intend to take Part II Zoology in 2000–2001. The course will begin on Saturday, 26 August, and end on Wednesday, 6 September 2000, and will be held on the Norfolk coast. Students will be required to make a small contribution towards the costs.

Those students who wish to take Part II Zoology, but want to do other biological work during the Long Vacation, instead of the Field Course, should discuss their plans with the Part II Advisor, Dr J. A. CLACK.

Modern Languages

Courses in German and Russian for scientists and others, open without a fee to all members of the university.

The Committee of Management of the A. J. Pressland Fund give notice that courses in German and Russian will be given during the Long Vacation, 1999. The courses are particularly intended for those who wish to acquire a reading knowledge of a language and are prepared not only to attend five lectures a week but also to do regular work in preparation for them.

All courses will take place during the four weeks from Monday, 10 July to Friday, 4 August 2000.

All courses will be given in the Chemical Laboratory, Lensfield Road.
