SCOTT POLAR RESEARCH INSTITUTE

All events are at 8.00 p.m. in the Scott Polar Research Institute, Lensfield Road. They are open to all who are interested, and seats will be reserved, on request, for "Friends of the Institute". p. 156

25 Jan. DR SHARON WEBB, Museum of Archaeology and Anthropology, University of Cambridge
Life and Identity in Arctic Europe: The Sámi People of Sápmi Today

In this slide-illustrated lecture, the speaker will discuss the recent cultural revival of the Sámi, after an extended period of attempted assimilation into the four Nordic states which they inhabit. She will focus in particular on the role of Sámi museums in this revival and on the importance of artefacts, both historic and contemporary.

8 Feb. RICHARD PATTISON

The British Army Expedition to the Antarctic Peninsula, 2001–2002

The speaker was joint leader of a 15-strong team to the Danco Coast for ten weeks. Using a 72-foot sailing yacht as a mobile base camp, eight mountains were climbed, and a range of historical, geographical and wildlife information recorded, including work for the Scott Polar Research Institute.

15 Feb. GARY COMER

The Northwest Passage

A well-known businessman speaks about a voyage which changed his life. Famous for centuries of exploration and the scene of the disastrous Franklin expedition, today the Northwest Passage is a bell-wether for global change. Looking after the Arctic is not just a matter for Scientists and Inuit. What happens there matters to all of us.

22 Feb. CLIVE BRADBURY

Henry Robertson Bowers (1883–1912)

To commemorate installation at the Institute of a memorial plaque to one of the five members of Scott's Polar Party, the speaker will relate the life and achievements of Bowers, focusing particularly on his contribution to Scott's *Terra Nova* expedition.

8 Mar. RICHARD HARBOUR

Surveying in Antarctica forty years ago

The speaker was employed by the Falkland Islands Dependencies Survey, 1959–61, working as a surveyor at the great sledging base Hope Bay, and during the summer from survey ships.

IT/COMPUTER TRAINING COURSES (Lent Term 2003)

The Computing Service offers the following IT training courses which are free for current students and staff of the University. Most courses start at 14.15 and end by 17.00 and are held at the New Museums Site, but there are exceptions so please check times and venues when registering. Some are entirely practical, while others take the form of a lecture and demonstration followed by a practical session, and a few consist of a lecture only. 'Self-teach' modules are also available (see below). A printed timetable giving times and locations, and a booklet containing course descriptions may be obtained from Computing Service Reception; this information is also provided on the Web (www.cam.ac.uk/cs/courses/). The next programme will be in the Easter Term, starting in April 2003. Note that the Computing Service also provides documentation on many topics in the form of handouts, information sheets and leaflets (see Web page www.cam.ac.uk/cs/docs/ or request a copy of handout H9 *Publications Available*).

It is essential to register, preferably by completing the Web form at www.cam.ac.uk/cs/courses/. If this is not possible, one of the following methods of booking may be used instead: email to course-admin@ucs.cam.ac.uk, tel. (3)34662 or in person at Computing Service Reception, New Museums Site, Pembroke Street. Bookings will be confirmed automatically and reminders sent a couple of days beforehand providing a valid email address is supplied. A standby system is used for oversubscribed courses: priority will be given to those who have booked in advance and arrive in good time. If unable to attend for any reason, please cancel bookings giving as much notice as possible so that someone else may take the place, and to avoid waste of resources such as excess copies of printed notes.

It should be noted that, unless otherwise indicated, all courses assume basic computing skills; only those marked "novice friendly" are suitable for those with no previous experience.

- * indicates that some prior knowledge or experience of the topic is required, in addition to basic computing skills, as detailed in the individual course descriptions. In all cases this may be acquired by attending one or more of the introductory courses.

Self-Teach Computer Training Courses

In addition to the programme of formal courses, a selection of self-paced training material is provided for loan, or in some cases purchase, from Computing Service Reception, New Museums Site, Pembroke Street. Modules on offer at the time of going to press are listed below, but new ones are added from time to time. As well as duplicating topics covered on the taught courses, for the benefit of those who cannot attend or who prefer this method of learning, they cover other subjects and also more advanced levels. It is advisable to ring (3)34600 to check availability beforehand. A deposit of £50 is required for courses which are borrowed; this usually takes the form of a cheque which is returned when the material is brought back on time and in good, fully usable condition. In most cases it is necessary for the modules to be used on a computer with the correct version of the software installed; in some but not all cases Computing Service facilities may be used. As with most commercial software, there are licence restrictions which forbid copying of courseware, unless expressly permitted. For information about a particular module, see the description either on the Web (www.cam.ac.uk/cs/courses/) or the booklet which is available on request.

Plant Sciences

The course Behavioural Ecology, which may be offered in P. 212
Part II Plant Sciences will be taught in the Lent Term
(and *not* in the Michaelmas Term as previously stated).

PART III

EXPERIMENTAL AND THEORETICAL PHYSICS

Course L: Minor Options

The course, Gauge Field Theory (Tu. Th. 9) will now not
be given this year.

The course, Physics of Remote Sensing, will be lectured at
M. 11, Th. 2 in the *Pippard Lecture Theatre* (and *not*
Tu. F. 2 in the *Small Lecture Theatre*, as previously
stated).

ARCHAEOLOGICAL AND ANTHROPOLOGICAL TRIPOS

PART IIA

SOCIAL ANTHROPOLOGY

OPTIONAL PAPERS

Paper S7 (Medical Anthropology)

Long Vacation Courses 2003

Computer Science Tripos, Part II (General)

Students intending to read for the Computer Science Tripos, Part II (General) from October 2003 are required to attend a course in Computer Programming in Java given by Dr F. H. KING. The course will begin at 9 a.m. in the *Hopkinson Lecture Room on the New Museums Site*, on Monday, 14 July, and will end on Friday, 25 July. The course consists of lectures, demonstrations, and practical work.

Natural Sciences Tripos, Part IB

Geological Sciences A and B

There will be a field course in Geological Field Methods at Sedburgh, from 22 September to 2 October 2003 led by Dr WOODCOCK. This course is primarily for students intending to take either or both the Part IB Geological Sciences course in 2002.

Natural Sciences Part II

Geological Sciences. Professor SALJE's notice

The following courses will be given:

- (1) A course of lectures, practical work and field work designed to be suitable for all students taking Part II (A) and Part II (B) in 2003–2004 (except those taking Mineral Sciences). The field course will take place on 20 June to 5 July in Skye.
- (2) Mineral Sciences course. A course of lectures and laboratory work which is essential preparation for those students offering a Mineral Sciences project in 2003–2004. Candidates should see Dr M. T. DOVE before the end of the Full Easter Term to obtain further details.

Zoology

A field course will be provided for students who intend to take Part II Zoology in 2003–2004. The course will begin on Saturday, 23 August 2003 and end on Wednesday 3 September 2003 and will be held on the Norfolk coast. Students will be required to make a small contribution towards the costs.

Students who wish to take Part II Zoology, but want to do other biological work during the Long Vacation, instead of the field course, should discuss their plans with the Part II Advisor, Dr R. S. K. BARNES.
