### IT/COMPUTER TRAINING COURSES (LENT TERM 2004)

The Computing Service offers the following IT training courses which are free for current students and staff of the University. Most courses start at 14.15 and end by 17.00 and are held at the New Museums Site, but there are exceptions so please check times and venues when registering. Some are entirely practical, while others take the form of a lecture and demonstration followed by a practical session, and a few consist of a lecture only. 'Self-teach' materials are also available (see below). A printed timetable giving times and locations may be obtained from Computing Service Reception; this information is also provided on the Web ([www.cam.ac.uk/cs/courses/](http://www.cam.ac.uk/cs/courses/)). The next programme after this one will be in the Easter Term, starting in late April 2004. Note that the Computing Service also provides documentation on many topics in the form of handouts, information sheets and leaflets (see Web page <http://www.cam.ac.uk/cs/docs/> or request a copy of handout H9 *Publications Available*).

It is essential to register, preferably by completing the Web form at [www.cam.ac.uk/cs/courses/](http://www.cam.ac.uk/cs/courses/) If this is not possible, one of bookings may also be made by email to [course-admin@ucs.cam.ac.uk](mailto:course-admin@ucs.cam.ac.uk), tel. (3)34662 or in person at Computing Service Reception, New Museums Site, Pembroke Street. Bookings will be confirmed automatically and reminders sent a couple of days beforehand providing a valid email address is supplied. A standby system is used for oversubscribed courses: priority will be given to those who have booked in advance and arrive in good time. If unable to attend for any reason, please cancel bookings giving as much notice as possible so that someone else may take the place, and to avoid waste of resources such as excess copies of printed notes.

It should be noted that, unless otherwise indicated, all courses assume basic computing skills; only those marked "novice friendly" are suitable for those with no previous experience.

\* indicates that some prior knowledge or experience of the topic is required, in addition to basic computing skills, as detailed in the individual course descriptions. In all cases this may be acquired by attending one or more of the introductory courses.

### Self-Teach Computer Training Courses

In addition to the programme of formal courses, a selection of self-paced training material is provided for loan, or in some cases purchase, from Computing Service Reception, New Museums Site, Pembroke Street. Modules on offer at the time of going to press are listed below, but new ones are added from time to time. As well as duplicating topics covered on the taught courses, for the benefit of those who cannot attend or who prefer this method of learning, they cover other subjects and also more advanced levels. It is advisable to ring (3)34600 to check availability beforehand. A deposit of £50 is required for courses which are borrowed; this usually takes the form of a cheque which is returned when the material is brought back on time and in good, fully usable condition. In most cases it is necessary for the modules to be used on a computer with the correct version of the software installed; in some but not all cases Computing Service facilities may be used. As with most commercial software, there are licence restrictions which forbid copying of courseware, unless expressly permitted. For information about a particular module, see the description either on the World Wide Web ([www.cam.ac.uk/cs/courses/](http://www.cam.ac.uk/cs/courses/)) or the booklet which is available on request from Reception.

## Long Vacation Courses 2004

### Computer Science Tripos, Part II (General)

Students intending to read for the Computer Science Tripos, Part II (General) from October 2004 are required to attend a course in Programming in Java given by Dr F.H. KING. The course will begin at 9 a.m. in the *Hopkinson Lecture Room on the New Museums Site*, on Monday, 19 July, and will end on Friday, 30 July. The course consists of lectures, demonstrations, and practical work.

### Natural Sciences Tripos, Part IB Geological Sciences A and B

There will be a field course in Geological Field Methods at Sedburgh, from 20–30 September 2004 led by Dr WOODCOCK. This course is primarily for students intending to take either or both the Part IB Geological Sciences course in 2004.

### Natural Sciences Part II

#### Geological Sciences. Professor SALJE's notice

The following courses will be given:

- (1) A course of lectures, practical work and field work designed to be suitable for all students taking Part II (A) and Part II (B) in 2004–2005 (except those taking Mineral Sciences). The field course will take place on 18 June to 3 July in Skye.

**Zoology**

A field course will be provided for students who intend to take Part II Zoology in 2004–2005. The course will begin on Saturday, 21 August 2004 and ends on Wednesday 1 September 2004 and will be held on the Norfolk coast. Students will be required to make a small contribution towards the costs.

Students who wish to take Part II Zoology, but want to do other biological work during the Long Vacation, instead of the field course, should discuss their plans with the Part II Advisor, Dr H. SKAER.

The *Cambridge University Reporter* appears each Wednesday during Term. Special Numbers are also published from time to time.

*Editorial*

Notices for publication in the *Reporter* should be sent to Rachael Tuley, Editor, Cambridge University Reporter, Secretariat, The Old Schools, Cambridge, CB2 1TN (tel. 01223 332305; fax 01223 332332; e-mail: [rt23@admin.cam.ac.uk](mailto:rt23@admin.cam.ac.uk)). Copy should be sent as early as possible in the week before publication; short notices will be accepted up to **4 p.m. on Thursday** for publication the following Wednesday. Inclusion is subject to availability of space.

*Subscriptions*

Details of termly subscription rates and charges for individual copies may be obtained from the University Press Bookshop, 1 Trinity Street, Cambridge, CB2 1SZ (tel. 01223 333333; fax 01223 332954; e-mail: [bookshop@cambridge.org](mailto:bookshop@cambridge.org)). Orders should be placed at the Bookshop.
