The Faculty also draws Students' attention to the Joint Schools' Courses on 'Research Methods in the Social Sciences'.

Please see the Joint Schools' Social Science Research Methods Courses on (Page No 244). These courses form an integral part of M.Phil and Ph.D. Research Methods Training. There are basic core modules in IT, survey methods, statistical methods, and qualitative methods, which help lay the grounding of research training for M.Phil students who intend to go on to a Ph.D. These courses can be attended by Ph.D. students provided there is space available. There are additional workshops that are available for Ph.D. students only. For further information about course content and methods of assessment also see the JSSS web site: <http://www.jsss.group.cam.ac.uk>
