Learning and Teaching Innovation Fund: Notice

The Teaching and Learning Support Services Steering Group is pleased to announce that the Learning and Teaching Innovation Fund is available to assist with grants of between £10–£20,000 for the purpose of implementing innovative practice in the University in any area of learning and teaching provision. The Steering Group expects to be able to support up to ten projects in 2012–13. Any innovative project will be considered and need not necessarily be IT-focused; however, bids in support of developing online learning are particularly welcome. Requests for funding primarily or solely for the purchase of equipment will not be accepted.

Application forms are available on the web at <http://www.admin.cam.ac.uk/offices/education/innovation/index.html>. The closing date for applications is Monday, 4 February 2013.

University salaries and stipends: Notice

The Universities and Colleges Employers Association (UCEA) have proposed a pay settlement from 1 August 2012 which provides for a 1% increase in the salaries of non-clinical academic and academic-related staff, and assistant staff. The Council and the General Board have agreed that an increase on the basis set out above should be made in all relevant stipends and salaries with effect from 1 August 2012.

The stipends and salaries of certain University staff require the approval of the Regent House. The Council is accordingly submitting a Grace (Grace 1, p. 280) to the Regent House for the approval of an increase of 1% in these stipends and salaries. An updated Cambridge general stipend and salary scale showing the proposed new stipends and salaries for each grade is included in this Notice. This indicates those points which are the 51 points of the national single spine and those points, above and below, which are extensions to the spine in Cambridge. Changes will also be applied to those associated payments directly linked to a single spine stipend/salary point.

Subject to the approval of this Grace, the corresponding increases will be implemented in the stipends of those offices which do not require the approval of the University as well as in the salaries of analogous unestablished staff. In the case of contract research staff and other staff supported on non-central funds, payment of the increase will be conditional on funds being available to meet the cost of the increase from the relevant funding source.

It is expected that, if the Grace is approved, the increases will be paid to staff in the January 2013 payroll, together with the arrears from 1 August 2012.

REPORTS

Report of the Council on the demolition of the former Madingley Cricket Pavilion, Madingley, Cambridgeshire

The Council begs leave to report to the University as follows:

1. A lease was granted to the Madingley Cricket Club by the University in 1958, so that the village could host a cricket club. The Pavilion, which is the subject of this Report, was subsequently purchased by the Cricket Club from Queens' College (the old Queens' College Pavilion) for the nominal sum of £50 and erected on the site in 1965. In 2003 the Madingley Cricket Club surrendered the lease of the Cricket Field and the Pavilion. Neither has been used for recreational purposes since 2003.
2. The Cricket Pavilion is a single-storey, double-fronted timber frame building clad in weather boarding and roofed in corrugated steel sheeting. The building is in poor physical condition and unsafe. It has a number of major defects, including rotten woodwork (floors, walls, timber window frames, and external doors) and defective rainwater goods and roof.
3. The Pavilion is not Listed and is of little architectural merit. The demolition and removal of the Pavilion would have a beneficial impact on the appearance of the Madingley Conservation Area; the site would revert back to grassland and form part of historic landscape associated with Madingley Hall.
4. Conservation Area Consent for the demolition of the Pavilion dated 8 February 2012 has been received from South Cambridgeshire District Council. An Ecological Survey was carried out by external consultants who have confirmed that demolition can proceed as planned, providing demolition is undertaken outside of the core bird breeding season (March–August inclusive).
5. The cost of demolition will be funded by the Non-Operational Estate Five Year Refurbishment Loan Provision.
6. A drawing showing the location of the Cricket Pavilion in Madingley is displayed for information in the Schools Arcade and at <http://www.admin.cam.ac.uk/reporter/2012-13/weekly/6290/cricketpavilion.pdf>. Part of the drawing is also provided below.
7. The Council recommends:
 - I. That approval be given for the demolition of Madingley Cricket Pavilion.
 - II. That the Pro-Vice-Chancellor (Planning and Resources), on the advice of the Director of Estate Management, be authorized to accept a tender for the demolition and associated works in due course.
