Discussion on Tuesday, 21 March 2017: Cancellation

The Vice-Chancellor gives notice that the Discussion announced for Tuesday, 21 March 2017 will not take place as there are no Reports ready for discussion.

Members of the University Council in class (e) (external members)

1. Under the regulations for the appointment of members of the Council in class (e) (*Statutes and Ordinances*, p.111), the Council, on the recommendation of the Proctors and the Deputy Proctors, has appointed Ms Sara Weller, a serving member of the Council in class (e), to chair the Nominating Committee for the current period.

2. The other members of the Nominating Committee are:

The Vice-Chancellor

Dr Nick Bampos, *TH*

Professor Dame Carol Black, *N*

Dr Ruth Charles, *N*

Professor Dame Ann Dowling, *SID*

Professor David Ibbetson, *CLH*

Dr Rachael Padman, *N*

The Acting Registry is Secretary to the Committee.

3. There are four members of the Council in class (e). External members are appointed for terms of four years. Professor Dame Shirley Pearce was appointed to serve a second four-year term from 1 January 2017. However, in November 2016, she was appointed as Chair of Court and Council at the London School of Economics from 1 January 2017 and therefore stood down from the Council with effect from 31 December 2016. One place is therefore vacant. The appointment would be for an initial period until 31 December 2020 with the potential for renewal for four years thereafter. Mr Mark Lewisohn, Mr John Shakeshaft, and Ms Sara Weller are continuing members. Mr Shakeshaft is the Deputy Chair of the Council, Mr Lewisohn chairs the Audit Committee, and Ms Weller chairs the Remuneration Committee.

4. Applications are especially sought from individuals with a track record of leading organizations of very significant scale and complexity, who can demonstrate relevant leadership experience, and who would bring a global perspective and extensive experience at Board level. A demonstrable commitment to education and research is important.

5. Reasonable travel expenses are paid to external members, but the role is not remunerated.

6. The Council meets eleven times a year, in Cambridge, and there are two additional strategic meetings, in September and in the spring. Occasional special meetings are also held. The basic time commitment is therefore of the order of 15–20 days per year. Information about the work of the Council and the University's governance arrangements is available at: <http://www.governance.cam.ac.uk>.

7. The Nominating Committee has engaged Perrett Laver as search advisers. Appointment details can be downloaded from their website at <http://www.perrettlaver.com/candidates>, quoting reference 2594, and applications should be made to them by 12 noon on 3 April 2017.

8. Those wishing to make suggestions about suitable candidates should provide information to the Acting Registry by the same date, stating why they believe that the person suggested would be particularly suitable for this role. Further particulars for the post are available at <http://www.governance.cam.ac.uk/committees/council/Documents/external-member-FP.pdf>.

9. Any enquiries may be made to the Acting Registry (registry@admin.cam.ac.uk) or to the Head of the Registry's Office (head-ro@admin.cam.ac.uk).

Election of student members of the Council and of the General Board

13 March 2017

The Vice-Chancellor gives notice that, in the election held from Tuesday 7 to Friday 10 March 2017, the following persons were elected to be the student members of the Council and the General Board in class (d):

COUNCIL

Category (i) – CUSU President

EYRE, Daisy, *JE*.

Category (ii) – GU President

There were no eligible candidates. A bye-election will be called in due course.

Category (iii) – one student elected by and from among the students in the University

KHANDELWAL, Umang, *N*.

GENERAL BOARD

Category (i) – CUSU Education Officer

KRISH, Martha, *R*.

Category (ii) – GU President

There were no eligible candidates. A bye-election will be called in due course.

University Combination Room: closure on Wednesday, 22 March 2017

The University Combination Room will be closed on Wednesday, 22 March 2017 for a private event. The Combination Room will re-open at 9 a.m. on Thursday, 23 March 2017.

END OF THE OFFICIAL PART OF THE ‘REPORTER’

REPORT OF DISCUSSION**Tuesday, 7 March 2017**

A Discussion was held in the Senate-House. Pro-Vice-Chancellor Professor Graham Virgo QC was presiding, with the Registrar's deputy, the Junior Proctor, the Senior Pro-Proctor, and four other persons present.

The following Reports were discussed:

First-stage Report of the Council, dated 14 February 2017, on the construction of a new Cavendish Laboratory in West Cambridge (Reporter, 6455, 2016–17, p. 362).

Professor M. A. PARKER (Head of the Department of Physics, and Peterhouse):

Deputy Vice-Chancellor, as Head of the Cavendish Laboratory I am naturally fully in support of the proposal to construct a new building to house the majority of the Department of Physics's activities on the West Cambridge site. The new facility will replace buildings dating from 1974 which are now well beyond their design lifetime and are no longer able to provide a suitable environment for our teaching and research. In addition, the buildings incur large running costs because of their old-fashioned design, which falls well below modern environmental standards. The presence of asbestos in the construction makes routine maintenance time-consuming and expensive.

I am grateful to the Vice-Chancellor for his personal commitment to the project, and the unfailing assistance which has been provided by the central offices, Estate Management, the School of the Physical Sciences, and the wider University. I should also record my thanks to the dedicated team inside the Department which has developed the building design up to this point.

The new building has been designed to be a centre-piece of the West Cambridge site, in accordance with the strategy to create a world-leading physical sciences campus. It will be designed to the highest environmental standards and consolidate many facilities which are currently scattered across the existing site, greatly improving the effectiveness of their usage. The existing Cavendish site will then be available for the move of the Engineering Department from the centre of town.

The government has identified the Cavendish Laboratory as a national asset for Physics and has backed that assessment with £75m of support for the project. The government's confidence in the future of the Laboratory is due to the skill and dedication of all of the staff in the Department, which sustains our excellent international reputation. We have also been fortunate in having strong backing from our alumni and other philanthropic donors, who are engaged in supporting the project. Increasingly this will be based on strong links with other Departments, enabled by the West Cambridge project as a whole. Together with the Maxwell programme which we host, this will in turn lead to stronger industrial links and more outputs for the benefit of society.

Our vision is to secure the future of the Department as a leading centre for teaching and research in physics for the next 50 years. We warmly commend this Report to the University.

Second-stage Report of the Council, dated 14 February 2017, on the construction of a new building for the Department of Engineering in West Cambridge (Reporter, 6455, 2016–17, p. 364).

Professor S. D. GUEST (Department of Engineering and Trinity Hall):

Deputy Vice-Chancellor, I speak today as Head of the Civil Engineering Division within the Department of Engineering. Since the first-stage report on this project, my colleagues have put in a tremendous effort to design a fine building that will provide a suitable home for Civil Engineering in Cambridge, and allow the University to fulfil its commitment to the EPSRC to set up the National Research Facility for Infrastructure Sensing as part of the UK Collaboratorium for Research in Infrastructure and Cities. I fully support the Report's recommendation that construction should be approved.

Report of the General Board, dated 15 February 2017, on the establishment of a Professorship of Cancer Sciences (Reporter, 6456, 2016–17, p. 376).

No remarks were made on this Report.
