## Election to the Board of Scrutiny

5 June 2017

Further to the Notice dated 26 May 2017 (*Reporter*, 6467, 2016–17, p. 555), the Council has determined, in accordance with Regulation 3 of the regulations for the election of members of the Board (*Statutes and Ordinances*, p. 112), that an election will be held to fill the following vacancies on the Board of Scrutiny:

- one member in class (c)(i) (a person who has been a member of the Regent House for not more than ten years on 1 October 2017);
- two members in class (c)(ii) (members of the Regent House).

Those elected will serve for four years from 1 October 2017. Further information about the Board of Scrutiny can be found in the *Statutes and Ordinances* as noted above, on the Board's website (see the following page for prospective members: <http://www.scrutiny.cam.ac.uk/about>), and obtained from Dr Lydia Drumright (email [ld23@cam.ac.uk](mailto:ld23@cam.ac.uk)), Chair of the Board until 30 September 2017.

Under the provisions of Statute A VII 4, no person may be a member of the Board of Scrutiny who is a member of the Council, the General Board, or the Finance Committee of the Council, or who holds any of the University offices of Chancellor, Vice-Chancellor, Pro-Vice-Chancellor, University Advocate, Deputy University Advocate, Registry, Assistant Registry, or Secretary of a School. The Statute further prohibits from membership holders of offices with primarily administrative duties designated by Ordinance: Directors and Deputy Directors in the Unified Administrative Service and Assistant Treasurers have been designated as such prohibited offices. A retiring member of the Board who has served for four or more consecutive years is not eligible to serve again as a member in class (c) until one year has elapsed after the end of her or his previous period of service.

In order to be eligible, a candidate for election in each case must be nominated on a paper sent to the Vice-Chancellor at the Old Schools so as to be received not later than **12 noon on Tuesday, 20 June 2017**. The nomination paper must contain (a) a statement signed by two members of the Regent House, nominating the candidate for election and specifying the class in which he or she is nominated, and (b) a statement signed by the candidate certifying that he or she consents to be so nominated. Forms to facilitate the nomination process are available on the governance website (see <https://www.governance.cam.ac.uk/ballots/rh/Pages/Nomination-forms.aspx>). The candidate is also required to provide a statement of her or his *curriculum vitae* by the same date (see below). No one may be nominated for election in more than one class.

The Vice-Chancellor would be obliged if nominations could be delivered to the Registry in the Old Schools during office hours. Nominations will be published on the Senate-House Noticeboard as they are received; the complete list of nominations will be published in the *Reporter* on Wednesday, 21 June 2017.

In accordance with the regulations governing the election (*Statutes and Ordinances*, p. 110), each person nominated for election is required to send to the Registry, not later than 12 noon on Tuesday, 20 June 2017, a statement of her or his *curriculum vitae* for distribution to members of the Regent House with the voting papers. It is suggested that such a statement should be of not more than 500 words in length, and that it should cover the following points:

- the candidate's present position in the University;
- previous posts held, whether in Cambridge or in other universities or outside the university system, with dates;
- a note of the candidate's particular interests within the field of University business.

## Divestment of land and a building at 1 Regent Street, Cambridge

5 June 2017

Cambridge Assessment currently occupies office accommodation at five sites – four freehold and one leasehold – on Regent Street and Hills Road. In 2018 these office-based operations will be consolidated to the so-called Triangle Site, which is currently being redeveloped for that purpose. Alternative University uses for the freehold sites have been under consideration by the Estates Strategy Committee since 2015. In the following Notice the Council proposes the divestment by the University of land and a building on the site at 1 Regent Street.

1 Regent Street is a four-storey office building, sited at the front of a rectangular corner plot that extends back along Park Terrace. Behind the main building is an area of surface car parking and at the back of the site is a converted Victorian house known as Furness Lodge. The Estates Strategy Committee has endorsed a proposal to sell Furness Lodge to Emmanuel College, to grant a long lease for the current car park to the same College, and to retain the office building for the University's operational use or for commercial letting. A plan of the site is shown below. The proposal has been scrutinized and strongly supported by the Finance Committee, and agreed for its part by the Council. The Council is accordingly submitting a Grace to the Regent House (Grace 2, p. 582) for the approval of the proposal.

## Honorary Degree Committee: Call for nominations

Nominations and suggestions of names are invited for the award of honorary doctorates. Full details about the honorary degree process and eligibility criteria are published online at <http://www.cam.ac.uk/about-the-university/how-the-university-and-colleges-work/processes/honorary-degrees/the-nomination-and-approval-process>, where a list of honorary degrees conferred since 1977 may also be found. The University Council's Honorary Degree Committee would welcome either full nominations submitted using the published nomination form or, more simply, suggestions of names of national or international distinction for the Committee to consider further. The University is committed to increasing diversity in this area and therefore would particularly welcome women and Black or Minority Ethnic candidates.

Nomination forms or suggestions of names should be submitted in confidence, and will be treated confidentially by the Honorary Degree Committee. In order for them to be developed and considered fully at the Michaelmas Term 2017 meeting of the Committee, they should be sent by Friday, 21 July 2017 to [HonoraryDegrees@admin.cam.ac.uk](mailto:HonoraryDegrees@admin.cam.ac.uk).

## REPORTS

### Report of the Council on a viewing and interpretation structure at the Botanic Garden

The COUNCIL begs leave to report to the University as follows:

1. The Botanic Garden is a Sub-department of the Department of Plant Sciences and is governed by a Syndicate which reports to the General Board. The primary functions of the Garden can be summarized as follows: the provision of facilities for teaching and research (undertaken by staff of the Garden and cognate Departments); the education of non-specialists from within the University and outside; the training of horticulturalists; and the provision of an amenity for the University and the City.

2. The Systematic Beds are located in the south-west corner of the Garden. They are one of the earliest features of the Garden and were designed in 1845 in the 'gardenesque' style by Andrew Murray, the first Curator of the Botanic Garden. The Systematic Beds occupy close to three acres and contain plants laid out in family groups in order to teach plant taxonomy.

3. The Botanic Garden has identified that the Systematic Beds are challenging for visitors to understand. A proposal has been developed to build a new structure formed of a

gently rising path leading to a viewing platform located to the south of the Systematic Beds. The viewing platform will be at a height of approximately 3m allowing an overview, putting the layout of the Beds into context. Interpretation materials will also be provided. The footprint of the structure will be 198m<sup>2</sup>. The angle of slope will be shallower than 1:20 to provide access to the viewing platform for wheelchair users. The structure has been designed to minimize the impact on the Garden's landscape and collections. The scheme has been developed using a Tree Constraints Plan to ensure tree collections around the location are protected.

4. The estimated cost of the project is £545,000, and is to be funded by the Botanic Garden. The project has been made possible by a grant from The Monument Trust.

5. Drawings of the proposed scheme are displayed for the information of the University in the Schools Arcade and are reproduced online at [http://www.admin.cam.ac.uk/cam-only/offices/planning/building/plans\\_and\\_drawings/](http://www.admin.cam.ac.uk/cam-only/offices/planning/building/plans_and_drawings/).

6. The Council recommends:

I. That approval is given for the construction of a viewing and interpretation structure at the Botanic Garden.

II. That the Head of Estate Projects be authorized to accept a tender, within the available funding, for the proposed works in due course.
