## IT/COMPUTER TRAINING COURSES (EASTER TERM 2001)

The computing Service offers the following IT training courses which are free for current students and staff of the University. Most courses start at 14.15 and end by 17.00 and are held at the New Museums Site, but there are exceptions so please check times and venues when registering. Some are entirely practical, while others take the form of a lecture and demonstration followed by a practical session, and a few consist of a lecture only. For all-practical sessions, which have a limited number of places, priority will be given to those who have booked in advance and arrive in good time. Self-paced 'teach yourself' modules are also available (see below). A printed timetable giving times and locations, and a booklet containing course descriptions may be obtained from Computing Service Reception; this information is also provided on the World Wide Web (URL <http://www.cam.ac.uk/CS/Courses/>). Only the most popular courses are held at this time of the year: there will be a few further courses in the Long Vacation (July), after which the next programme will be in the Michaelmas Term, starting in early October 2001. Note that the Computing Service also provides documentation on many topics in the form of handouts, information sheets and leaflets (see Web page <http://www.cam.ac.uk/CS/Docs/> or request a copy of handout H9 *Publications Available*).

It is essential to register, preferably by completing the form on the Web at <http://www.cam.ac.uk/CS/Courses/> Only if this is not possible should one of the alternative methods of booking be used: email to course-

## Additions and Corrections

admin@ucs.cam.ac.uk, tel. (3)34662 or in person at Computing Service Reception, New Museums Site, Pembroke Street.

Please note that electronic (Web and email) bookings will be confirmed automatically, and reminders only sent if a valid email address is supplied. A standby system is used for oversubscribed courses. If unable to attend for any reason, please cancel bookings giving as much notice as possible so that someone else may take the place, and to avoid waste of resources such as excess copies of printed notes.

It should be noted that, unless otherwise indicated, all courses assume basic computing skills; only those marked "novice friendly" are suitable for those with no previous experience.

\* indicates that some prior knowledge of experience of the topic is required, in addition to basic computing skills, as detailed in the individual course descriptions. In all cases this may be acquired by attending one or more of the introductory courses.

## Additions and Corrections

### Teach-Yourself Computer Training Courses

In addition to the programme of formal courses, a selection of self-paced training material is provided for loan, or in some cases purchase, from Computing Service Reception, New Museums Site, Pembroke Street. Modules on offer at the time of going to press are listed below, but new ones are added from time to time. As well as duplicating topics covered on the taught courses, for the benefit of those who cannot attend or who prefer this method of learning, they cover other subjects and also more advanced levels. It is advisable to ring (3)34662 to check availability beforehand. A deposit of £50 is required for courses which are borrowed; this usually takes the form of a cheque which is returned when the material is brought back on time and in good, fully usable condition. The loan period is normally one week, renewable if no one else is waiting to borrow the module. In most cases it is necessary for the modules to be used on a computer with the correct version of the software installed; in some but not all cases Computing Service facilities may be used. As with most commercial software, there are licence restrictions which forbid copying of courseware, unless expressly permitted. For information about a particular module, see the description either on the World Wide Web (<http://www.cam.ac.uk/CS/Courses/>) or the booklet which is available on request from Reception.

† Can only be used on a computer with the correct (or compatible) version of the software.

## Long Vacation Courses 2001

### Chemical Engineering Tripos

A course of directed reading in the Long Vacation will be provided for prospective candidates for Chemical Engineering, Part IIA who, having obtained honours in a subject other than Chemical Engineering Part I, are seeking leave of the Chemical Engineering Syndicate to read Chemical Engineering Part IIA.

### Computer Science Tripos, Part II (General)

Students intending to read for the Computer Science Tripos, Part II (General) from October 2001 are required to attend a course in Computer Programming in Java given by Dr F. H. KING. The course will begin at 9 a.m. in the *Hopkinson Lecture Room on the New Museums Site*, on Monday, 16 July, and will end on Friday, 27 July. The course consists of lectures, demonstrations, and practical work.

### Computing Service. Dr SAYER'S notice.

The Computing Service intends to run several IT training courses including the use of the Internet facilities including the World Wide Web and electronic mail, personal computers, the Unix system, and popular word processing, spreadsheet and database applications in July. Note that the most popular courses are held at this time of year. In addition to the programme of formal courses, self-paced training material is provided for a loan, or in some cases purchase. Notices will be circulated as usual to all departments, colleges and libraries. Further information may be obtained from Computing Service Reception, New Museums Site, Pembroke Street, telephone 34662, email: [course-admin@ucs.cam.ac.uk](mailto:course-admin@ucs.cam.ac.uk), or World Wide Web page <http://www.cam.ac.uk/CS/Courses/>.

### Divinity

The Faculty Board of Divinity propose the following classes:

- 1) *Elementary Greek*. Intensive course for one week beginning 23 September 2001. Intending students should apply in writing to Dr J. N. B. CARLETON-PAGET at the Faculty of Divinity, West Road by 13 September 2001.
- 2) *Elementary Hebrew*. The course will begin on Monday 2 July 2001, in the Faculty of Divinity. Intending students should apply in writing to Dr A. A. MACINTOSH at the Faculty of Divinity, West Road, not later than 15 June 2001.

### Geography

There will be no formal instruction in the Long Vacation, but the Department will be open to students who wish to use the library.

### Land Economy

Students intending to take Part IB, and Part II of the Land Economy Tripos without having taken Part IA or Part IB respectively should note the following:

- i) Students who have not taken Part I of the Economics Tripos must undertake reading in Economics prior to starting the Land Economy Tripos. It is essential that students should obtain details on this from the Department of Land Economy before the end of the Easter Term. There will be no formal instruction in the Long Vacation.
- ii) Students who have not taken Part IA of the Law Tripos should attend the Legal System and Legal Method and Law lectures in the Long Vacation course given by the Law Faculty. A timetable of this course will be available nearer the beginning of the course from the Law Faculty.

### Law

The Faculty of Law will give a course in the Long Vacation for candidates intending to take Part IB of the Law Tripos in the Easter Term 2002 and, who have not previously read law. The course will run from 27–29 September 2001.

### Music

There will be no formal instruction, but lecturers in residence will give advice to undergraduates who require it.

### Natural Sciences Tripos, Part IB

#### Ecology. FACULTY BOARD OF BIOLOGY notice.

Students intending to read Part IB Ecology will be expected to attend a two-week field course during the Long Vacation. The course will be held at Juniper Hall, Dorking, from Friday 22 June to Friday 6 July 2001. Students will be required to make a small contribution towards the costs. Students who do not attend will be at a disadvantage. Any student needing advice in this connection should consult his or her Director of Studies and, if necessary, Dr A. BALMFORD, Department of Zoology, or Dr E. TANNER, Department of Plant Sciences. Further details and an application form are available on the web at [www.plantsci.cam.ac.uk/plantsci/teaching/ec1b2000-01/field.html](http://www.plantsci.cam.ac.uk/plantsci/teaching/ec1b2000-01/field.html)

### Geological Sciences A and B

There will be a field course in Geological Field Methods at Sedburgh, from 25 June to 5 July 2001 led by Dr WOODCOCK. This course is primarily for students intending to take either or both the Part IB Geological Sciences course in 2001.

**Natural Sciences Part II****Biochemistry.** Professor BLUNDELL's notice

There will be no formal Long Vacation courses for those reading Part II Biochemistry in 2001–2002. All students on this course will be given advice on reading and will be expected to attend formal teaching, which will commence on Monday, 1 October 2001.

**Genetics**

There will be no formal Long Vacation course. Students with little background biology will be asked to do some directed reading.

**Geological Sciences.** Professor SALJE's notice.

The following courses will be given:

- (1) A course of lectures, practical work and field work designed to be suitable for all students taking Part II (A) and Part II (B) in 2001–2002 (except those taking Mineral Sciences). The field course will take place on 22 June to 7 July in Skye.
- (2) Mineral Sciences course. A course of lectures and laboratory work which is essential preparation for those students offering a Mineral Sciences project in 2001–2002. Candidates should see Dr M. T. DOVE before the end of the Full Easter Term to obtain further details.

**Materials Science and Metallurgy.** Professor WINDLE's notice.

There will be no formal course during the long Vacation for undergraduates preparing to take Part IIA, Part IIB or Part III during the academical year 2001–2002. Instead undergraduates are strongly encouraged to obtain industrial or similar experience during the Long Vacation.

Students expecting to take three year Part IIA in 2001–2002 will be expected to submit to the Examiners a report carried out on approved work performed during the Long Vacation in 2001. The topic to the report may be *either* a project carried out in a research, development or other approved establishment in industry or elsewhere, *or* a project carried out in the Department.

Students taking Part III in 2001–2002 will be expected to submit to the Examiners a report carried out on approved work performed *either* during the Long Vacation in 2000 *or* during the Long Vacation in 2001. The topic of the report may be *either* a project carried out in a research, development or other approved establishment in industry or elsewhere, *or* a project carried out in a Department.

Advice and assistance in finding Industrial or similar experience will be available through the Department. For those Part IIA students and Part III students unable to obtain a suitable industry placement, arrangements will be made for them to carry out a project in the Department during the Long Vacation period of residence, starting at 9.30 a.m. on Monday 9 July 2001.

**Pathology.** Professor WYLLIE's notice.

Candidates who intend to read Pathology for Part II of the Natural Sciences Tripos 2000–2001 should meet in the *Department of Pathology* on Monday, 9 July 2001 at 10 a.m. On that day arrangements will be made for candidates to meet Professor Wyllie, the organisers of the course options and supervisors of the research projects. Students are advised to begin work during the Long Vacation period of residence.

The course is organised on an option system. Students will take two options out of four (Cellular and Genetic Pathology, Immunology, Microbial and Parasitic Disease, Virology). Detailed information on these options is available in the Department of Pathology.

**Zoology.** Professor BURROWS' notice.

A Field Course will be provided for students who intend to take Part II Zoology in 2001–2002. The course will begin on Saturday, 25 August, and end on Wednesday, 5 September 2001, and will be held on the Norfolk coast. Students will be required to make a small contribution towards the costs.

Those students who wish to take Part II Zoology, but want to do other biological work during the Long Vacation, instead of the Field Course, should discuss their plans with the Part II Advisor, Dr J. A. CLACK.

**Modern Languages**

*Courses in German and Russian for scientists and others, open without a fee to all members of the university.*

The Committee of Management of the A. J. Pressland Fund give notice that courses in German and Russian will be given during the Long Vacation, 2001. The courses are particularly intended for those who wish to acquire a reading knowledge of a language and are prepared not only to attend five lectures a week but also to do regular work in preparation for them.

All courses will take place during the four weeks from Monday, 9 July to Friday, 3 August 2001.

All courses will be given in the Chemical Laboratory, Lensfield Road.
