VOL CXXXVII

STUDENT NUMBERS 2005–06

UNIVERSITY OF
CAMBRIDGE

PUBLISHED BY AUTHORITY

PRICE £1.50

TABLE OF CONTENTS

*Notes**Comparative and all-student tables*

- Table 1 Full-time equivalent student load (Men/Women), 1968–2006
 Table 2 Full-time equivalent student load (Arts/Science), 1968–2006
 Table 3 Full-time equivalent student load by academic group cost centre, 2005–06
 Table 4 Full-time student numbers (Men/Women), 1968–2006
 Table 5 Full-time student numbers by University Fee Classification, 1980–2006
 Table 6 Students entering courses for the first time in each of the years 1980–2006 by University Fee Classification
 Table 7 Full-time Overseas student numbers (for the purposes of University fees) by tuition fee band, 1980–2006
 Table 8 HESES 2005 return: Actual student numbers, assumed registrations and assumed full-time equivalents (FTEs) for the academic year, 2005–06
 Table 9 Student numbers by course of study, 2005–06
 Table 10 Student numbers entering courses for the first time in October 2005, by course of study
 Table 11 Students on the Register of Graduate Students by School and Degree Committee, 2005–06

College tables

- Table 12 Student numbers by College, 2005–06
 Table 13 Number of students entering courses for the first time in October 2005, by College

Undergraduate and affiliated student tables

- Table 14 Undergraduate numbers by subject, 2002–03 to 2005–06
 Table 15 Undergraduate and affiliated students entering courses for the first time in October of the given year by subject, 2002–03 to 2005–06
 Table 16 Affiliated student numbers by subject, 2005–06 (These numbers are included in Table 14)

Overseas student tables

- Table 17 Full-time Overseas student numbers (for the purposes of University fees) by country of normal residence, 2005–06
 Table 18 Full-time student numbers for students who are not home students but pay the home rate of University fees, 2005–06
 Table 19 Full-time Overseas student numbers by nationality, 2005–06

Examination results

Notes to tables 20–26

- Table 20 Honours Examination results, 1960–2006
 Table 21 Men's Honours Examination results, 2006
 Table 22 Women's Honours Examination results, 2006
 Table 23 Men's and Women's Honours Examination results, 2006
 Table 24 Men's Preliminary Examination results, 2006
 Table 25 Women's Preliminary Examination results, 2006
 Table 26 Men's and Women's Preliminary and Other Examination results, 2006

- Table 27 Degrees Conferred, 1991–2005

Appendix Definition of Science-based and Arts-based cost centres

STUDENT NUMBERS

The Registry begs leave to publish the following information on student numbers:

Notes:

(a) The headings 'Undergraduate/Postgraduate', 'Arts/Science', 'Full-time/Not Full-time' in these tables have the sense used for statistics by the Higher Education Statistics Agency (HESA) unless otherwise stated. A complete list of courses designated 'undergraduate' or 'postgraduate' is shown in Table 9. The division of Faculties and Departments between Arts and Science is shown in the Appendix. Students are classified as 'Not Full-time' if they are: 1) undertaking a Part-time course or 2) have completed the minimum requirements of their course and are not intermitting, i.e., they are either writing up or are under examination.

(b) Please note that in 2005–06 there was a change in definition of 'Full-time and 'Not full-time' and in the allocation of FTE (full-time equivalent) load for postgraduate students for different periods of their career.

Up to and including 2004–05, postgraduate students were recorded as 'Full-time' for the required terms of their course and after those terms were completed as 'Not full-time'. For example, a three-year PhD was recorded as 'Full-time' in the first nine terms (and allocated an FTE load of 100% for each year) and as 'Not full-time' in and after the tenth term (and allocated an FTE load of 50% for each subsequent year).

In 2005–06 postgraduate students are recorded as 'Full-time' for the required terms of their course **plus one extra term**, and thereafter as 'Not full-time'. Thus the typical three-year PhD student is recorded as 'Full-time' in the first ten terms and as 'Not full-time' from the eleventh term onwards. The allocation of FTE load is 100% for the first ten terms and zero in and after the eleventh term. The annual load is therefore 100% for each of the first three years, 33% for the fourth year, and zero for all subsequent years.

Data for the part-time Master of Studies courses has been included in the head count of student numbers for the first time in 2005–06. (They were included in the FTE load tables prior to 2004–05.)

The effect of these changes is that the number of postgraduate students recorded as 'Full-time' has increased while the FTE load for those same students has decreased. The addition of the part-time Master of Studies students has increased the head count of 'Not full-time' students.

(c) Further information on the method of calculating full-time equivalent student load may be obtained from The Planning and Resource Allocation Office, The Old Schools, University of Cambridge, Trinity Lane, Cambridge CB2 1TT (email: Student.Statistics@admin.cam.ac.uk).

(d) Unless otherwise stated, figures in the tables for years up to and including 1993–94 reflect the position at 31 December of the academic year concerned. In and after 1994–95 the position is at 1 December.

The delay in publication of this Student Numbers Special is regretted. A new student record system has integrated a number of databases from across the University. The requirements to analyse and validate data converted from the old systems and to develop new processes to extract summaries have delayed the production and publication of these student statistics.

TABLE 1. Full-time equivalent student load (Men/Women), 1968–2006

	Undergraduates					Postgraduates					Totals

Notes:

For the list of Cambridge Faculties and Departments included under each Academic Department please see the Appendix.

Home includes EC and other students paying the home rate of fees, plus Channel Isles and Isle of Man students paying the Island rate of fees.

* Includes an estimate of the total load for the academic year 2005–06 for Institute of Continuing Education students.

* From 1994–95 full-time students are as defined by the HEFCE. Previously the UGC/UFC definition was used. See the notes for further definitions.

Note: 'Home' includes students from the EU and other overseas countries paying the home rate of fees plus Channel Isles and Isle of Man students paying the Island rate of fees.

Incoming reciprocal exchange students who are exempt from fees have been included in the home category.

Notes:

* From 1982–83 the courses in Development Studies were discontinued. Previously about 25 students on the course, who paid no University Composition Fees, were classified as Overseas 'Arts' Students and included in the postgraduate numbers.

† From 1994–95 Full-time students were as defined by HEFCE. Previously the UGC/UFC definition had been used. See the notes for further definitions.

From 1980–90 'Other' refers to the pre-1980 rate of overseas fees. Thereafter it refers to any fee not otherwise specified.

¹ This column represents the overall assumed number of registrations or load for the academic year 2005–06 taking into account wastage and registrations after 1 December.

² UG - Undergraduates, PGT - Postgraduates Taught, PGR - Postgraduates Research.

³ 3rd Year Clinical Medical Students who are in residence for only one term have to be returned as part-time in accordance with HEFCE rules, whereas they were counted as full-time in all other statistics.

⁴ Courses are classified as 'long' if students are normally required to attend for 45 weeks or more within the year.

⁵ Allocation of students to Price Groups. Students are allocated to Faculties and Departments according to an agreed formula. Faculties and Departments are allocated to Cost Centres in accordance with instructions provided by HEFCE. Cost Centres are then allocated to the various Price Groups in accordance with HEFCE rules.

Note: At Cambridge the Tripos courses in Chemical Engineering and History of Art, can be taken by undergraduates who have passed a part of another Tripos at the end of their first or second year. However, Affiliated Students are an exception to this rule. The table therefore shows a few such students reading these courses. These students represent only a very small part of the numbers reading these Tripos courses each year.

TABLE 16. *Affiliated Student numbers by subject, 2005–06. (These numbers are included in Table 14)*

NOTES TO TABLES 20–26

1. These statistics *exclude*:

- (a) Candidates who took examinations as candidates ‘not for Honours’ (with the exception of Part III of the Mathematical Tripos).
- (b) Candidates who have received allowances (Deemed to have Deserved Honours (DDH) or granted an allowance towards the Ordinary degree) by the Applications Committee of the Council. (Allowances may be granted to candidates who have been ill or who have extenuating circumstances and have thus been prevented from taking an examination or whose performance has been adversely affected as a consequence.)
- (c) Candidates who have spent the year abroad studying at the Massachusetts Institute of Technology or studying in Paris as part of the Double Maîtrise.

2. The heading ‘Other results’ includes (but does not differentiate between):

- (a) Candidates who failed their examinations.
- (b) Honours candidates who have received an allowance from the Examiners (but not the Applications Committee of the Council – see 1 (b) above).
- (c) Candidates about whom an application has been submitted to the Applications Committee but who were still awaiting a decision at the time these tables were produced.
- (d) Candidates who have been granted a deferral.

3. In Part III of the Mathematical Tripos, a pass with distinction or merit has been counted as a Class I and a pass as Class II, division (1). This applies whether or not the candidate is a candidate for Honours. In Part II of the Manufacturing Engineering Tripos and Part IIB of the Engineering Tripos, a pass with distinction has been counted as Class I, a pass with merit has been counted as Class II, division (1) and a pass as Class II, division (2).

4. The class obtained in each language by candidates entered for two languages for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class. This explains why, in some years, the number of cases under each class division for this Tripos and in the totals are not whole units.

5. Third-year pre clinical medical and veterinary students are included under the Tripos examination for which they were entered.

TABLE 20. *Honours Examinations, 1960–2006*

Notes:

(a) * The introduction of Part IA of the Natural Sciences Tripos in 1966 and the undividing of Part IA of the Medical and Veterinary Sciences Tripos in 2001 accounts for the large increases in the undivided Second Class. Conversely, the division of the Second Class of the Mathematical Tripos in 1995 led to a substantial decrease.

(b) † Candidates who were taking examinations as candidates 'not for Honours' and candidates receiving allowances from the Applications Committee of the Council were excluded from the 1972 statistics (and thereafter) although they had been included in previous years. Candidates for the LL.B. Examination were included in 1972 for the first time, but the LL.M. Examination was excluded from 1999. Candidates for the B.Ed. Degree were excluded from the statistics for the years 1972–79 inclusive, but, with the introduction of the Education Tripos, have been included from 1980.

APPENDIX

Definition of Science-based and Arts-based courses

Numbers and descriptions of Cost Centres are as per HEFCE definition

1. *Science-based Cost Centres*

Cambridge Faculties, Departments, etc.

(01) Clinical Medicine*	School of Clinical Medicine Pathology
(03) Veterinary Science*	Clinical Veterinary Medicine
(04) Anatomy & Physiology	Anatomy Physiology
(07) Psychology & Behavioural Sciences	Experimental Psychology
(08) Pharmacy & Pharmacology	Pharmacology
(10) Biosciences	Biochemistry Biological Anthropology Genetics Institute of Biotechnology Plant Sciences Wellcome Trust/Cancer Research UK Gurdon Institute Zoology
(11) Chemistry	Chemistry
(12) Physics	Astronomy Physics Research Centre in Superconductivity
(14) Earth, Marine & Environmental Sciences	Earth Sciences Scott Polar Research Institute
(16) General Engineering	Engineering
(17) Chemical Engineering	Chemical Engineering
(18) Mineral, Metallurgy & Materials Engineering	Materials Science and Metallurgy
(20) Electrical, Electronic & Computer Engineering	Computer Laboratory (part)
(23) Architecture, Built Environment & Planning	Architecture Architecture and History of Art (part) Land Economy
(24) Mathematics	Applied Mathematics & Theoretical Physics Pure Mathematics & Mathematical Statistics
(25) Information Technology & Systems Sciences	Computer Laboratory (part)
(37) Archaeology	Archaeology Archaeology and Anthropology (part)

* Note that pre-clinical Medical and Veterinary students are not shown here but under their various Departments in other Groups.

2. *Arts-based Cost Centres*

(27) Business & Management Studies	Judge Business School
(28) Geography	Geography
(29) Social Studies	African Studies Applied Economics Archaeology and Anthropology (part) Criminology Development Studies Committee Economics and Politics Latin-American Studies Law Social and Political Sciences Social Anthropology South Asian Studies
(31) Humanities and Language Based Studies	Architecture and History of Art (part) Anglo-Saxon, Norse and Celtic Centre of International Studies Classics Divinity English History History and Philosophy of Science History of Medicine Linguistics Modern and Medieval Languages Oriental Studies (part) Other Languages Philosophy Research Centre for English & Applied Linguistics
(33) Design & Creative Arts	Music
(34) Education	School of Education
(35) Modern Languages	French German Italian Oriental Studies (part) Slavonic Studies Spanish and Portuguese

3. *Non-University Institutions*

For the purpose of calculating student load, Graduate Students working in the institutions listed below are allocated to the various Cost Centres (and subsequently to the Arts/Science subtotals) on the following basis:

<i>Non-University Institution</i>	<i>Cost Centre</i>
Animal Health Trust Newmarket	Veterinary Science
Applied Psychology Research Unit, MRC	Psychology & Behavioural Sciences
Babraham Institute, BBSRC	Biosciences
Biostatistics Unit, MRC	Clinical Medicine
Bourn Hall Clinic	Clinical Medicine
British Antarctic Survey, NERC	Earth, Marine & Environmental Sciences
Broom's Barn Experimental Station	Biosciences
Cancer Trials Office, MRC Unit	Clinical Medicine
Cognition and Brain Science Unit	Clinical Medicine
Crystallographic Data Centre	Chemistry
Development Botany, AFRC Unit	Biosciences
Development & Integration of Behaviour, MRC Unit	Biosciences
Dunn Nutritional Lab, MRC	Clinical Medicine

European Bioinformatics Institute	Biosciences
Fulbourn Hospital	Clinical Medicine
Houghton Poultry Research Station	Biosciences
Human Nutrition Research, MRC Research Centre	Clinical Medicine
Institute of Plant Research	Biosciences
Molecular Biology, MRC Laboratory	Clinical Medicine
Molecular Genetics, MRC Unit	Clinical Medicine
Molecular Immunopathology, MRC Unit	Clinical Medicine
Molecular Neurobiology, MRC Unit	Clinical Medicine
Monk's Wood Experimental Station	Biosciences
National Institute of Agricultural Botany	Biosciences
ParkeDavis Research Unit	Biosciences
Pfizer Global Research & Development	Biosciences
Institute of Plant Science Research	Biosciences
Protein Engineering, MRC Centre	Biosciences
Wellcome Trust Sanger Institute	Clinical Medicine
Strangeways Research Lab., MRC	Biosciences
Thoroughbred Breeders' Assoc Equine Fertility Unit	Veterinary Sciences
UK HGMP Resource Centre	Clinical Medicine
