Discussion on Tuesday, 24 October 2017

Further information on Discussions, including details on format and attendance, is provided at https://www.governance.cam.ac.uk/governance/decision-making/discussions/.

Notice of a benefaction
9 October 2017
The Vice-Chancellor gives notice that he has accepted with gratitude a benefaction of PLN 15m (£3,164,438) from the University of Warsaw, using funds allocated to it by the Polish Ministry of Science and Higher Education, to be held as endowment to support the University’s Polish Studies Programme, including funding for a Lectureship in Polish Studies in the Faculty of Modern and Medieval Languages. The Council is submitting a Grace (Grace 1, p. 44) for the approval of regulations to govern a Polish Endowment Fund for Polish Studies.

Motor vehicle licence arrangements
9 October 2017
The Council, in consultation with the Proctors, is proposing changes to the arrangements for the issue of motor vehicle licences to student members of the University. At present, the Vice-Chancellor appoints a Special Pro-Proctor for motor vehicles, who issues licences in accordance with the regulations for Motor Vehicles (Statutes and Ordinances, p. 196). If the changes are approved, the Senior Proctor, or a person appointed by the Senior Proctor under the revised regulations, shall take over the responsibilities previously undertaken by the Special Pro-Proctor. Ultimate authority for the issue of licences and the responsibility for any disciplinary decisions concerning their suspension or revocation or the imposition of a fine for breaches of the regulations would lie with the Senior Proctor or their Statutory Deputy, but a person or persons appointed from amongst the administrative staff of the University would conduct the routine issue and administration of licences. This change would return the authority for issuing licences to where it sat when motor-control was introduced in 1908 (the office of Special Pro-Proctor for motor vehicles was not created until 1925).

As the Special Pro-Proctor for motor vehicles is the only appointment to the office of Special Pro-Proctor, it is also proposed that other references to the office should be removed from Ordinances. The opportunity is also being taken to make some changes to reflect current practice.

The Council is submitting a Grace (Grace 2, p. 45) for the approval of the changes as set out in the Annex to this Notice.
ANNEX

(a) In the regulations for Motor Vehicles (Statutes and Ordinances, p. 196):

1. A member of the University in statu pupillari shall not keep, use, or cause to be kept for her or his use any motor vehicle other than a moped within ten miles of Great St Mary’s Church while in residence in term or in the Long Vacation period of residence, unless he or she shall have obtained, on her or his Tutor’s written recommendation, a licence for that vehicle issued by the Senior Proctor or a person appointed for the purpose by the Senior Proctor under this Ordinance (where the Senior Proctor has appointed a person to act on their behalf any reference to the Senior Proctor in this Ordinance shall be construed as referring to that person). The Senior Proctor may issue such a licence to any member of the University in statu pupillari who is a graduate of a university, or who has the status of Bachelor of Arts, or who has kept (or has been allowed) nine terms by residence, or to whom the Senior Proctor decides that its issue is warranted by exceptional individual circumstances.

(ii) by inserting the words ‘or a duly appointed deputy’ after the words ‘Head of the Department’;

(iii) by replacing all references to ‘seven days’ with ‘fourteen days’ in Regulation 4;

(iv) by deleting the text ‘from firms appearing on lists maintained by the Special Pro-Proctor’ in Regulation 7;

(v) by replacing other references in those regulations to the Special Pro-Proctor with references to the Senior Proctor.

(b) In the regulations for Proctors and Pro-Proctors (Statutes and Ordinances, p. 692)

(i) by replacing the reference to the Special Pro-Proctor with a reference to the Senior Proctor (or a duly appointed person) in Regulation 7;

(ii) by deleting the words ‘and one or two Constables to assist the Special Pro-Proctor for Motor Vehicles’ in Regulation 9;

(iii) by deleting Regulation 6 and renumbering the remaining regulations.

(c) By deleting other references in Ordinances to the Special Pro-Proctor or to the Special Pro-Proctor for motor vehicles.

REPORTS

Report of the General Board on revised terms of reference for Degree Committees

The General Board begs leave to report to the University as follows:

1. This Report proposes revision of the terms of reference for Degree Committees, which are contained in Regulations of the General Board, with effect from January 2018.

2. The proposed terms of reference have been developed following a review of Degree Committees carried out by the Board of Graduate Studies in 2016. The review was initiated as part of a wider review of governance structures and also to meet a recommendation of a recent internal audit into graduate progression and examinations that there should be greater consistency in the terms of reference for the Committees. Schools and Degree Committees were consulted as part of the review.

3. The proposals have the support of the General Board, the General Board’s Education Committee, and the Board of Graduate Studies.

4. The review made the following recommendations:
   (a) formalization of the role of Degree Committees, with consistent terms of reference;
   (b) extension of the remit of Degree Committees, with a focus on academic matters and clear parameters for decision-making;
   (c) provision of administrative support by academic-related staff;
   (d) a defined reporting structure, with the flexibility to suit the needs of individual Schools and Faculties;
   (e) devolution of the approval of the membership of Degree Committees from the General Board to the Councils of the Schools or Faculty Boards.

The new terms of reference, as set out in the revised regulations, are proposed as part of the implementation of those recommendations. If the new regulations are approved, their introduction will be supported by the provision of new guidance for Degree Committees.

5. The General Board shares the view of its Education Committee and the Board of Graduate Studies that the proposed terms of reference will bring about an increase in consistency of practice across the University and will meet the recommendation of the audit.

6. The General Board recommends:

1. That, with effect from 1 January 2018, the regulations for Degree Committees (Statutes and Ordinances, p. 612) be rescinded and replaced with the new regulations as set out in Annex A.
