Election to the Council

3 May 2022

The Vice-Chancellor gives notice that he has received the following nomination, in accordance with Statute A IV 2, for election to the Council in class (a) (Heads of Colleges), and that it has been certified to him that the candidate has consented to be nominated:

Ms HEATHER JANE HANCOCK, Master of St John's College, nominated by Dr A. N. S. Freeling, President of Hughes Hall, and Professor P. J. Rogerson, Master of Gonville and Caius College

No other candidates having been nominated, Ms Hancock is duly elected to serve as a member of the Council in class (a) with immediate effect until 31 December 2022.

New policy governing the use and allocation of @cam.ac.uk email addresses: update and next steps

A sub-group of the Information Services Committee (ISC) has been working on a new policy to govern the use and allocation of all email addresses ending ‘...cam.ac.uk’, including those in College or departmental subdomains such as @trin.cam.ac.uk, @hist.cam.ac.uk.

As detailed in the Notice of 1 December 2021 (*Reporter*, 6639, 2021–22, p. 149), a consultation on the principles and main proposals of this policy was launched in December 2021 and ran until 18 February 2022. Over 1,500 responses were submitted and the committee is grateful for the many detailed, thoughtful and constructive comments received.

While the survey feedback was detailed and wide-ranging, a number of questions emerged as general concerns:

- how the policy proposals relate to the management of College and departmental subdomains;
- whether emeritus University Teaching Officers will be automatically eligible for email addresses;
- how academics can remain contactable by former colleagues/students.

All of these issues will be explored further during the detailed phase of the policy development, and the committee will take into account the granular feedback on these and other issues received from survey respondents.

Next steps

There are two aspects to the next stage of the work: developing the policy in detail, and putting in place the technical solutions, processes and personnel needed to implement it.

Given the complexity of the email landscape at Cambridge – reflected in the survey feedback – and the need to get this policy right, the ISC plans to continue the policy development during the academic year 2022–23, with the expectation that any changes arising from the policy will come into effect in the academic year 2023–24.

Communications

Significant milestones in the policy development and implementation will be communicated in the *Reporter*. Updates on this policy will be posted on the email policy webpage <https://help.uis.cam.ac.uk/newemailpolicy>, where there is also a detailed overview of what is being proposed and why this work is needed.

The Cambridge Pocket Diary

Cambridge University Press has decided to cease production of *The Cambridge Pocket Diary*. Sales of the diary have declined steadily over the years. This decline, and the fact that most of the information it contains is available online, mean it no longer makes sense to produce a paper diary and therefore the 2021–22 edition will be the last. For term dates and meeting dates for the University’s central bodies and main associated committees, which can be added to users’ preferred calendar apps, please see: <https://www.cam.ac.uk/about-the-university/term-dates/central-bodies-and-main-associated-committees>.
