REPORTS

Report of the General Board on the Academic Career Pathways (Research and Teaching) 2022 exercise

The GENERAL BOARD begs leave to report to the University as follows:

1. The Academic Career Pathways (Research and Teaching) exercise in respect of promotions to take effect from 1 October 2022 has been completed. The General Board, at its meeting on 8 June 2022, considered recommendations from the Vice-Chancellor's Academic Career Pathways Committee in respect of promotion to personal Professorships (Grade 12), Professorships (Grade 11) and Associate Professorships (Grade 10). With the recommendations the Board received an extensive report, which provided the Board with an account of the procedure followed for the evaluation and comparison of the evidence for all applicants. The Board was able to see how recommendations had been arrived at so that, without repeating the entire exercise, it could either approve the recommendations or, if it so wished, consider the basis on which any of the recommendations had been made.

2. The contents of the report were as follows:

- minutes of the Vice-Chancellor's Committee and School Committees;
- summary lists of Faculty Committee and School Committee evaluations and bandings, indicating adjustments and any special or non-standard aspects of applications;
- summary tables giving names of applicants in priority order by School Committee for each of the senior academic offices;
- funding and statistical information;
- equal opportunity report on all applications received;
- feedback statements.

3. The Board now recommends the establishment of 68 Professorships (Grade 12) from 1 October 2022, as set out in Recommendation I. The establishment of these Professorships is proposed on condition that in each case where the person currently holds a permanently established office, that office should be placed in abeyance during the tenure of the Professorship.

9. The General Board recommends:

- I. That, *with effect from 1 October 2022*, **Professorships (Grade 12)** be established for each of the following named persons for one tenure, placed in the Schedule to Special Ordinance C (vii) 1, and assigned to the Faculty, Department, or Institution named in each case, as follows:

School of Arts and Humanities

Professor JAMES CAMPBELL, *Q*, assigned to the Department of Architecture

Professor MICHAEL RAMAGE, *SID*, assigned to the Department of Architecture

Professor ALYCE MAHON, *T*, assigned to the Department of History of Art

Professor ALEXANDER MARR, *TH*, assigned to the Department of History of Art

Professor RENAUD GAGNÉ, *PEM*, assigned to the Faculty of Classics

Professor ROBERT MACFARLANE, *EM*, assigned to the Faculty of English

Professor JASON SCOTT-WARREN, *CAI*, assigned to the Faculty of English

Professor MARK CHINCA, *T*, assigned to the Faculty of Modern and Medieval Languages and Linguistics

Professor IAN JAMES, *DOW*, assigned to the Faculty of Modern and Medieval Languages and Linguistics

Professor JOANNA PAGE, *R*, assigned to the Faculty of Modern and Medieval Languages and Linguistics

Professor IOANNA SITARIDOU, *Q*, assigned to the Faculty of Modern and Medieval Languages and Linguistics

Professor ARIF AHMED, *CAI*, assigned to the Faculty of Philosophy

4. The Board also proposes the establishment of 100 Professorships (Grade 11) from 1 October 2022, as set out in Recommendation II. The establishment of these Professorships (Grade 11) is proposed on condition that in each case where the person currently holds a permanently established office, that office should be placed in abeyance during the tenure of the Professorship (Grade 11).

5. After the launch of this promotions exercise, there was a change to the recruitment process for clinically qualified academics, who can now be appointed to the new office of Clinical Professor. As noted in paragraph 7(a) of the Report introducing the new office, those who successfully applied for promotion to the level of Professor in this exercise will be appointed to the office of Clinical Professor from 1 October 2022 (*Reporter*, 2021–22: 6646, p. 256; 6650, p. 311). The names of those individuals are marked with an asterisk in Recommendation II and are included in the statistical data.

6. In order to avoid delay in publishing the Report, the Board has put forward its recommendations before the titles of the Professorships (Grades 12 and 11) have been agreed. The Board will announce these titles at a later date, after consultation with the individuals concerned.

7. The Board has also agreed, in accordance with Special Ordinance C (ix) 1 and the special regulation for Associate Professorships (Grade 10) (*Statutes and Ordinances*, p. 95) to appoint the 44 individuals listed in the Schedule to this Report to Associate Professorships (Grade 10).

8. The estimated total additional cost to central funds in the first year of the proposals for promotion to personal Professorships (Grades 12 and 11) and of the appointments to Associate Professorships (Grade 10) of the persons named in this Report will be approximately £1,699,200. The recommendations for promotion are based on academic judgement and are within the indicative budget.

Report of the General Board on the establishment of a Professorship

The GENERAL BOARD begs leave to report to the University as follows:

1. The General Board recommends the establishment of a Professorship of Language Learning for the Director of the Language Centre as set out in paragraph 2 below. The funding arrangements for the Professorship were approved by the Resource Management Committee Chair, on behalf of the Committee, on 19 May 2022.

2. The Board is recommending a proposal from the Council of the School of Arts and Humanities and the Faculty of Modern and Medieval Languages and Linguistics to establish a Professorship of Language Learning in the Faculty for Ms Jocelyn Wyburd. This proposal for a personal Professorship has arisen following the introduction of the Academic (Teaching and Scholarship) Career Path (see *Reporter*, 6612, 2020–21, p. 454). An important component of the Career Path was the understanding that

those in teaching-focused roles would have parity of treatment with colleagues in research-focused roles. The Report proposing the new Career Path noted in paragraph 11 that, for some, this could mean they would hold academic offices. The named office of the Director of the Language Centre is still considered important to the University, therefore the role-holder will continue to hold the named office and carry out the duties of that office, but the role-holder will also hold the appropriate academic office co-terminously with the named office. Ms Wyburd is the Director of the Language Centre and would hold the Professorship and the Directorship concurrently (see *Reporter*, 6648, 2021–22, p. 274). No additional funding is required, as full funding is in place for the existing Directorship.

3.
