Discussion on Tuesday, 11 October 2022

The Vice-Chancellor invites members of the Regent House, University and College employees, registered students and others qualified under the regulations for Discussions (Statutes and Ordinances, p. 111) to attend a Discussion on Tuesday, 11 October 2022 at 2 p.m. The following items will be discussed:

1. Topic of concern to the University: North West Cambridge Phase 1 (p. 641).
2. Second-stage Report of the Council, dated 26 July 2022, on the construction of the National Centre for Propulsion and Power and re-development of the Whittle Laboratory (p. 674).

The arrangements for the Discussion will be confirmed in the Reporter on 28 September 2022. However, in accordance with Grace 3 of 12 January 2022, the Chair of the Board of Scrutiny or any ten members of the Regent House may specifically request that the Council arrange for one or more of the items listed for discussion to be discussed in person (usually in the Senate-House). Requests should be made to the Registry, on paper or by email to UniversityDraftsman@admin.cam.ac.uk from addresses within the cam.ac.uk domain, by no later than 9 a.m. on the day of the Discussion. Any changes to the Discussion schedule will be confirmed in the Reporter at the earliest opportunity.

Contributors unable to attend the Discussion may email their remarks to contact@proctors.cam.ac.uk, copying ReporterEditor@admin.cam.ac.uk by no later than 10 a.m. on the day of the Discussion for reading out by the Proctors, or may ask someone else who is attending to read the remarks on their behalf.

General information on Discussions is provided on the University Governance site at https://www.governance.cam.ac.uk/governance/decision-making/discussions/.

Preacher at the Commemoration of John Mere

The Vice-Chancellor gives notice that he has appointed Sr Dr Gemma Simmonds CJ, of Newnham and St Edmund’s Colleges, Senior Research Fellow, The Margaret Beaufort Institute of Theology and Director, The Religious Life Institute, to preach the annual Sermon in Commemoration of John Mere, in St Benedict’s Church, at 11.45 a.m. on Tuesday, 25 April, 2023.

Election to the Council

13 July 2022

The Vice-Chancellor gives notice of an election to fill a vacancy on the Council in class (a) (Heads of the Colleges) under Statute A IV 2, following Dr Anthony Freeling’s appointment as Acting Vice-Chancellor from 1 October 2022 (Reporter, 6659, 2021–22, p. 507). The person elected will serve with immediate effect until 31 December 2024, the remainder of Dr Freeling’s term.

The Council is the principal executive and policy-making body of the University. It has general responsibility for the administration of the University, for defining its mission, for the planning of its work, and for the management of its resources. The Council deals with relations between the University and the Colleges, and conducts negotiations with outside bodies on many matters (other than those relating directly to the educational and research programmes of the University, which are dealt with on its behalf by the General Board of the Faculties). It is responsible for the appointment or nomination of certain members of internal and external bodies, and for many student matters (excluding undergraduate admissions, which is a College concern). Further information about the Council is available to members of the University on the Council website (https://www.governance.cam.ac.uk/committees/council/). Questions about its work can be addressed to the Registry by emailing registry@admin.cam.ac.uk.

The University is committed to equality, which includes supporting and encouraging all under represented groups, promoting an inclusive culture, and valuing diversity. Nominations from groups that are under represented on the Council are welcomed.
Reasons for serving on the Council

The Council of the University of Cambridge is one of the few principal bodies in the higher education sector with a majority of members elected from internal constituencies; most equivalent bodies are made up predominantly of external members. The Council draws its strength from the expertise, engagement, and scrutiny of its members – those elected in the classes noted above as well as its external and student members. It is key to the continuing success of the University that elections to the Council attract strong candidates who are willing to share their knowledge and commit their time for the benefit of the University as a whole.

Duties and responsibilities of Council members

The University is both an exempt charity,¹ and a corporation established by common law. Council members are therefore both charity trustees of the University and, effectively, its corporate directors. They have associated legal responsibilities and duties, including the promotion of the interests of the University and acting with integrity, care, and prudence. Under regulatory guidance, Council members must be ‘fit and proper persons’.² It is important for candidates to recognise and accept the obligations that Council membership would confer upon them.

The Handbook for Members of the Council sets out the Council’s primary responsibilities and provides advice and guidance to members of Council on their legal and other responsibilities. Members of the Council are expected to attend all meetings of the Council. Members will not normally be able to take more than one term of leave during their period on the Council and may instead carry forward their leave entitlement. Potential nominees might wish to familiarise themselves with the key aspects of the University’s Statutes and Ordinances (http://www.admin.cam.ac.uk/univ/so/), and the most recent Budget Reports, Annual Reports and Financial Statements.³

Further useful information is provided by the Office for Students (https://www.officeforstudents.org.uk/advice-and-guidance/regulation/), and the Charity Commission (https://www.gov.uk/government/publications/the-essential-trustee-what-you-need-to-know-cc3). This information includes details of the extent of a charity trustee’s personal liability. Instances of personal liability are rare and unlikely to occur, providing trustees act honestly, prudently, in good faith, in the best interests of the University, and in compliance with legislation and the University’s governing documents.

Nomination procedure and election timetable

In order to be eligible, candidates for election are asked to send their nominations to the Vice-Chancellor, to be received not later than 12 noon on Tuesday, 9 August 2022. The Vice-Chancellor asks candidates to address their nominations to the Registrary by email to Registrary@admin.cam.ac.uk. The following will be accepted: photographed or scanned forms showing handwritten signatures; forms with scans of signatures or other types of electronic signature inserted; an email from the nominee received from a University account, copied to the University email accounts of the proposer and seconder of the nomination. The nomination (which can be made on a form available on the governance site)⁴ should include (a) a statement signed by two members of the Regent House, nominating the candidate for election and specifying the class in which the candidate is nominated, and (b) a statement signed by the candidate confirming consent to be nominated. The candidate is also required to provide a personal statement by the same date (see below).

In accordance with the regulations governing the election (Statutes and Ordinances, p. 118), those standing for election should send to the Registrary, by 12 noon on Tuesday, 9 August 2022, a statement in support of their nomination, which will be provided to voters. Each statement should be no more than 500 words in length and should cover the following points:

- the candidate’s present position in the University;
- previous posts held, whether in Cambridge or in other universities or outside the university system, with dates;
- the candidate’s reasons for standing for election, and the experience and skills they would bring to the role;
- a note of the candidate’s particular interests within the field of University business.

The complete list of nominations will be published in the Reporter on 28 September 2022 and on the Reporter website before that.

If the election is contested the timetable for a ballot will be announced separately.

¹ The University has charitable status but is exempt from the statutory requirement which otherwise obliges a charity to register with the Charity Commission. The Office for Students is the principal regulator of the University as regards its compliance with its legal obligations in exercising control and management of its administration as a charity.

Withdrawal of Grace 3 of 6 July 2022 (Teaching and Scholarship transfers)

14 July 2022

The Vice-Chancellor gives notice that, under the provisions of Regulation 6 of the Ordinance for Graces and Congregations of the Regent House (Statutes and Ordinances, p. 111), he has withdrawn Grace 3 submitted to the Regent House on 6 July 2022 (Reporter, 6665, 2021–22, p. 612).

Amending Statutes for St Catharine’s College

21 July 2022

The Vice-Chancellor begs leave to refer to his Notice of 29 June 2022 (Reporter, 6665, 2021–22, p. 605), concerning the text of a Statute to amend the Statutes of St Catharine’s College. He hereby gives notice that in the opinion of the Council the proposed Statute makes no alteration of any Statute which affects the University, and does not require the consent of the University; that the interests of the University are not prejudiced by it, and that the Council has resolved to take no action upon it, provided that the Council will wish to reconsider the proposed Statute if it has not been submitted to the Privy Council by 21 July 2023.

Notice of benefactions

21 July 2022

The Vice-Chancellor gives notice that he has accepted with gratitude a benefaction of £100,000 from Dr Angus Bowie to endow a Peter Bayley Fund to support postgraduate students studying French by providing bursaries. The Council is submitting a Grace (Grace 5, p. 676) to seek approval of regulations to govern the Fund.

The Council has received notice of the acceptance with gratitude of donations totalling approximately £1,100,000 from members of the Dear World... Yours, Cambridge Campaign Board, to mark the end of the Vice-Chancellor’s tenure by establishing an endowment fund to provide postgraduate studentships in the areas of human rights, public (international) law, public policy, and social justice. The Council is submitting a Grace (Grace 6, p. 677) to establish the Stephen Toope Studentships Fund.

Nomination of Deputy Proctors for 2022–23

In accordance with Special Ordinance C (iii) 3, the Proctors Designate for the next academic year nominate John Kenneth Fawcett, of Churchill College, Mark Stephen Smith, of Clare College, Saskia Monique Murk Jansen, of Peterhouse, and Gemma Lucy Burgess, of St Edmund’s College, for election as their Deputies. Drs Fawcett and Smith have also been appointed by Grace (Reporter, 6659, 2021–22, p. 516) to serve as additional Pro-Proctors during that year.

Office of Pro-Vice-Chancellor

18 July 2022

The Council gives notice that, after consultation with the General Board and on the recommendation of the Nominating Committee for the office of Pro-Vice-Chancellor\(^1\), it has agreed to **reappoint Professor Andrew Neely, SID, as Pro-Vice-Chancellor (Enterprise and Business Relations)** for one year from 1 March 2023. This would, exceptionally, extend Professor Neely’s holding of the office to a total period of seven years, as part of the arrangements to support the Acting Vice-Chancellor, and the new Vice-Chancellor on taking up office.

The Vice-Chancellor, after consultation with all those appointed to the office of Pro-Vice-Chancellor, has agreed that Professor Neely should hold the title of Senior Pro-Vice-Chancellor from 1 October 2022 until 29 February 2024.

\(^1\) The Nominating Committee comprised: the Vice-Chancellor as Chair; Ms Gaenor Bagley, Dr Anthony Freeling and Professor Jason Scott-Warren (members of the Council); and Professor Tim Harper and Professor Anna Philpott (members of the General Board).
Grace for submission to the Regent House under Special Ordinance A (ii) 5 (fossil fuel industry ties)

21 July 2022

The Council has received the following Grace, which has been initiated under Special Ordinance A (ii) 5 by 84 members of the Regent House:

The University of Cambridge has a strong, stated commitment to addressing the climate crisis and to keeping global heating below a 1.5 degrees Celsius increase from pre-industrial levels.

The University currently maintains research funding partnerships with major fossil fuel companies, including Shell and BP (https://www.cam.ac.uk/about-research/energy-sector-partnerships).

In the last two years, the UN’s Intergovernmental Panel on Climate Change (IPCC) and the International Energy Agency (IEA) have both stated that there can be no new fossil fuel infrastructure development or exploration if the world is to avoid breaching the critical 1.5 degree boundary and triggering runaway climate breakdown.

As well as donating to the University of Cambridge, fossil fuel companies continue to pay membership fees, in some cases of more than $10m per year, to industry lobby groups such as the American Petroleum Institute, which promote fossil fuel expansion and lobby against climate legislation.

The undersigned members of the Regent House propose the following Grace for submission to the Regent House under Special Ordinance A (ii) 5:

The Regent House asks the Council to agree that the University of Cambridge will not accept research funding or allow sponsorship or other collaborations with companies if they meet one or more of the following criteria:

- They are constructing, or facilitating the construction of, new fossil fuel infrastructure.
- They are engaged in exploring, or facilitating the exploration of, new fossil fuel reserves.
- They retain memberships with trade associations engaged in political lobbying against science-based climate legislation.

The Council should also instruct the University’s Development and Alumni Relations department, CUDAR, to conduct fundraising and development activities in order to replace funding which has traditionally been derived from companies which meet these criteria.

A list of the signatories is set out in Annex A.

The Council will consider the Grace at its meeting on 17 October 2022.

Topic of concern to the University: North West Cambridge Phase 1

21 July 2022

The Registrary gives notice that she has received the following request for the discussion of a topic of concern to the University:

The Council’s Notice of 6 June 2022 (Reporter, 6661, 2021–22, p. 539) merits further substantive explanation and the opportunity for members of the Regent House to comment and ask questions, including:

- why, in the light of the 2015 revised financial appraisal which cautioned against complacency, are additional costs and overruns still becoming apparent? Why were all costs not factored into the financial model?
- what has caused the change of belief about cashflow, resulting in a revised forecast that it will be 2046–47 before receipts are able to meet the annual coupon and bond repayment reserve? How will that expenditure be met in the meantime?
- how will the interim need for capital funding, because of the lack of alignment of expenditure and income for Phase 1, be met?
- what are the more effective monitoring and controls processes and how will their performance be overseen by the Council?
- what in layman’s terms will be the overall impact on the financial position of the University?
- what plans are there for periodic reports to the Regent House?

This request is supported by the 37 members of the Regent House listed in Annex A.

The Council has agreed that this topic will be included among the matters for consideration at the Discussion at 2 p.m. on Tuesday, 11 October 2022 (p. 637).

Report of the General Board on the Academic Career Pathways (Research and Teaching) 2022 exercise: Notice in response to Discussion remarks

21 July 2022

The Council has received the remarks made at the Discussion on 12 July 2022 concerning the above Report (Reporter 2021–22: 6662, p. 549; 6666, p. 695). It has consulted with the General Board in preparing this response.

As Professor Evans notes, this Report proposes the establishment of Clinical Professorships for certain individuals whose names are marked with an asterisk in Recommendation II, following the establishment of the new office of Clinical Professor in March 2022. Professor Evans queries the process by which these individuals have been identified for promotion. The Report establishing the new office noted the two ways in which clinically qualified academics would be appointed, the first following a recruitment process involving a dedicated Selection Committee, and the second through promotion as part of the Academic Career Pathways scheme exercise (Reporter, 6646, 2021–22, p. 256). The Council and the General Board confirm that the process applied to those named in Recommendation II of this Report on the promotions exercise is the one described in paragraphs 1 and 2, namely the standard promotions process applied to all the Report’s recommendations.

Professor Evans also draws attention to another list of asterisked appointments to unestablished Associate Professorships included in the Report and suggests that there is a ‘largely unaddressed…muddle over the multiplication of ‘unestablished’ academic posts’. Appointment to an unestablished academic post is only possible where there is a justifiable reason for making such an appointment.

The Council is submitting a Grace (Grace 1, p. 676) for the approval of the recommendations of this Report.
Report of the General Board on the establishment of a Professorship (Language Learning): Notice in response to Discussion remarks

21 July 2022

The Council has received the remarks made at the Discussion on 12 July 2022 concerning the above Report (Reporter, 2021–22; 6662, p. 556; 6666, p. 695). It has consulted with the General Board in preparing this response.

Professor Evans questions whether the establishment of a first Professorship under the Academic (Teaching and Scholarship (T&S)) Career Path, as proposed by this Report, sets a precedent for such offices to be held concurrently with an existing office. She also notes that the Report does not mention the provision of a Promotions Committee as envisaged in the Report establishing the new T&S Career Path (Reporter, 6612, 2020–21, p. 454). The Council and the General Board note that this is a proposal for a personal Professorship. It is therefore individual to the person concerned and does not set a precedent, though the General Board has acknowledged that the person holding the Directorship of the Language Centre is eligible to hold that office and an academic office concurrently in certain circumstances, in a recent Notice (Reporter, 6648, 2021–22, p. 274). It is also not a promotion, as it is establishing a parallel office to the one already held. Promotions under the T&S Career Path will be considered as part of the exercise launching in September 2022.

Professor Evans also makes comments on Grace 3 of 6 July 2022, which has been withdrawn, and on Grace 2 of 6 July 2022, which concerned the committee arrangements for considering promotions under the ACP (T&S) and was approved on 15 July 2022. The Council takes this opportunity to clarify, in response to the remarks on the latter, that instead of two School-level committees covering all applications for promotion under the ACP (T&S), candidates for promotion under both the ACP (T&S) and ACP (research and teaching) will be considered by the same Faculty or School Committee, applying the relevant criteria to candidates in each track, and supported by an additional member as appropriate.

The Council is submitting a Grace (Grace 2, p. 676) for the approval of the recommendations of this Report.

21 July 2022

The Council has received the remarks made at the Discussion on 12 July 2022 concerning the above Report (Reporter, 2021–22; 6664, p. 578; 6666, p. 697).

Professor Evans draws attention to the Notice providing a timetable for the transition to Enhanced Financial Transparency (EFT), published on 6 July (Reporter, 6665, 2021–22, p. 607). This, she observes, includes a plan to ‘demote’ parts of the Statutes referring to the Chest from Statute to Special Ordinance and then, at a later stage, to make changes to allow full transition to EFT. She suggests that it is ‘always worrying when the level of a piece of the University’s internal legislation is lowered to make it easier to amend’. The Council does not share that concern. The level of approval required should be proportionate to the matter at hand, but views change on what is considered proportionate. It will be for the Regent House and Her Majesty in Council to determine whether the changes proposed in the Report next term divide matters appropriately between those for approval by the Regent House alone and those requiring review additionally by the Privy Council.

Professor Evans, in her comments on the Report, refers to the Chest allocations requested by the UAS and UIS. The Report notes, in paragraph 20, that these requests were ‘materially larger’ than those available through the approved framework for Chest allocations. Professor Evans asks whether the programmes and initiatives supported by UAS and UIS are ‘always desirable or likely to give value for money’, pointing to recent examples of reviews, and concludes that they ‘may not always be the best use of allocations from the Chest’. The Council supports the view of the Resource Management Committee (RMC) that the risks of not funding the UAS at the requested level are unacceptable. It has also accepted RMC’s recommendation, given the current challenges associated with recruitment, to narrow funding for recruitment in UIS to the expenditure likely to be incurred in 2022–23. Nevertheless, it does endorse the underlying message in Professor Evans’ remarks that all activities in all University institutions, not just those in the UAS and UIS supporting the University as a whole, should be scrutinised to determine whether they are the best use of available resources.

The Council is submitting a Grace (Grace 3, p. 676) for the approval of the recommendations of this Report.
Regent House membership: University staff not on the Single Salary Spine

26 July 2022

This Notice provides the Council’s criteria for membership of the Regent House of those University staff who are not on the Single Salary Spine but are deemed equivalent to Grade 9 and above for this purpose.

Background

By Grace 1 of 3 November 2021, the Regent House approved changes to the criteria for Regent House membership of University staff, to take effect from the promulgation of the Roll in November 2022 (Reporter, 2021–22: 6632, p. 47; 6637, p. 116; 6640, p. 171). The most significant change was to replace the existing criteria with a grade-based model, making all University staff on the Single Salary Spine at Grade 9 and above eligible for Regent House membership. The following new provision was also added to the Ordinance for Membership under Special Ordinance A (i) (f) as a means of capturing University staff who were not on the Single Salary Spine for inclusion within the membership:

(vi) those University employees who hold posts outside the grade structure in Schedule I to the Ordinance on Stipends whose posts are deemed equivalent to those in Grade 9 or above in that Schedule in accordance with criteria as determined and published from time to time by the Council;

In order to identify posts outside the grade structure whose holders would qualify for inclusion on the Roll, information on ungraded and differently graded posts was provided to the Schools and non-School institutions in which those posts were held (all institutions received all data, not just the data for their institutions). The information distinguished posts that appeared on paper to be eligible for Regent House membership from those that did not and those that were indeterminate. The institutions were asked to review the information in light of the Council’s general criteria for Regent House membership, as set out in paragraph 6 of its consultation report of 3 March 2021, and its knowledge of graded roles that were comparable to those listed. The Council then assessed the results of that exercise before arriving at the criteria for membership under paragraph (vi) of the Ordinance for Membership under Special Ordinance A (i) (f) as set out in the Annex below.

The Council reminds members of the University that:

• the transitional arrangements will serve to retain within the membership of the Regent House those who are on the November 2021 Roll but do not otherwise qualify under the revised criteria (see paragraph (v) of the Ordinance on Membership under Special Ordinance A (i) (f); certain staff will also qualify for membership under Grace 1 of 20 October 2021);
• certain offices and other named roles qualify their holders for Regent House membership under Special Ordinance A (i) (a) and therefore are not included in the criteria below;
• retired (or about to retire) University staff can qualify for Regent House membership provided they meet the criteria for membership under Special Ordinance A (i) (e) (see p. 647 below).

Criteria

The Council’s criteria are set out in the Annex below. For ungraded roles, they comprise a list of eligible posts plus, for certain roles, a specific set of criteria. For differently graded roles, currently all on Medical Research Council grades or National Health Service grades, the Council has provided a grade boundary and specific criteria respectively.

Next steps

All University institutions will receive in August a link to a list of the names of University staff not on the Single Salary Spine who are deemed eligible for Regent House membership after applying the Council’s criteria, under headings for School and institution. This will enable heads of institution to forward the information to their staff, to check the outcome of the application of the criteria for themselves and decide whether they wish to query the results. The Council will then consider whether there is any need to adjust the criteria and publish a further Notice in the Reporter on 28 September 2022.

This review will be in addition to the opportunity to comment on the preliminary Roll, which will be published on 1 October before promulgation of the Roll on 5 November 2022.

1 A note bringing together the provisions in Statutes and Ordinances concerning the membership of the Regent House, as at the promulgation of the Roll in November 2022, is available at: https://www.admin.cam.ac.uk/reporter/2021-22/weekly/6666/RHMembershipProvisions-Nov2022.pdf.
Annex

Ordinance on Membership of the Regent House under Special Ordinance A (i) (f):
Criteria for membership under paragraph (vi)

With effect from the promulgation of the Roll in November 2022 until further notice

The following posts listed at A and those that meet the specific criteria at B are deemed equivalent to those in Grade 9 or above for the purpose of determining eligibility for Regent House membership under paragraph (vi) of the Ordinance on Membership under Special Ordinance A (i) (f) (Statutes and Ordinances, p. 110).

Some individuals will potentially qualify for Regent House membership under both A and B. In such cases, qualifying under either A or B is sufficient to confirm eligibility.

Note: Most Professorships are on the Single Salary Spine. However, they can be ungraded, and therefore included under A below, where they are held by those who transferred into the University under TUPE arrangements, or who are paid on a different (e.g. MRC or NHS) pay scale.

A. Ungraded posts (no specific criteria)

**B. Differently graded posts**

1. Posts on any Medical Research Council grading at Bands 1, 2 and 3, and all Programme Leader Track postholders.
2. All those holding the office of Clinical Lecturer.
3. Those that hold the office of Clinical Research Associate provided that they meet all the following criteria:
   - (a) on at least Nodal point 5 pay scale or equivalent;
   - (b) completed a higher degree;
   - (c) received a Certificate of Completion of Training (CCT) or equivalent.
Appointment of an external member of the Council

1. Under the regulations for the appointment of members of the Council in class (e), the Council, on the recommendation of the Proctors and the Deputy Proctors, has appointed Ms Gaenor Bagley, a serving member of the Council in class (e), to chair the Nominating Committee for the current period.

2. The other members of the Nominating Committee are:
   - The Vice-Chancellor
   - Professor Fiona Karet
   - Dr Pieter van Houten
   - Dr Louise Joy
   - Professor Anthony Green
   - Dr Richard Anthony
   - Dr Susanna Avery-Qash

   The Director of Governance and Compliance is Secretary to the Committee.

3. There are four members of the Council in class (e). External members are appointed for terms of four years. Mr Mark Lewisohn will step down at the end of this second and final full term on 31 December 2022. There will therefore be a new appointment for an initial period of four years from 1 January 2023, potentially renewable for another full term of four years. Ms Gaenor Bagley, Ms Sharon Flood and Professor Sir David Greenaway are the other current external members of the Council. Mr Lewisohn is the Deputy Chair of the Council, Professor Sir David Greenaway chairs the Audit Committee and Ms Bagley chairs the Remuneration Committee.

4. The University is looking for someone who has held senior posts within organisations of significant scale and complexity, and who can demonstrate relevant leadership experience. Candidates will demonstrate alignment with the values of the University and its positive impact on society through education and research. An international perspective and experience of varying forms of organisational governance environments would be desirable.

5. The University is aiming for greater diversity throughout the institution at all levels. This is equally a priority in the governance of the University, and hence is a key aim in this appointment.

6. The appointment is as a charity trustee and does not carry any remuneration. Reasonable travel and other expenses incurred can be claimed.

7. External members of the Council are expected to attend all Council meetings – up to eleven ordinary and two strategic meetings per year – and to serve on sub-committees, as chair or member, throughout the academic year. Council meetings take place in person in Cambridge. A number of sub-committee meetings per year also take place in person in Cambridge. The successful candidate will need to spend time getting to know the collegiate University, attending background briefings and/or informal University and College events. Information about the work of the Council and the University’s governance arrangements is available at: https://www.governance.cam.ac.uk/.

8. The Nominating Committee has engaged Perrett Laver as search advisers. Appointment details can be downloaded from their website https://candidates.perrettlaver.com/vacancies/, quoting reference 5961. The closing date for applications is 19 September 2022.

9. Those wishing to make suggestions about suitable candidates should provide information to the Registrary by the same date, stating why they believe that the person suggested would be particularly suitable for this role.

10. Any enquiries may be made to the Registrary (Emma.Rampton@admin.cam.ac.uk) or to the Director of Governance and Compliance (Regina.Sachers@admin.cam.ac.uk).

Chair of Cambridge University Endowment Trustee Body: Expressions of interest by 8 September 2022

The Council wishes to appoint a Chair of the recently formed Cambridge University Endowment Trustee Body (see the Report: Reporter, 6655, 2021–22, p. 468).

The Cambridge University Endowment Fund (CUEF) has as a fund manager the University of Cambridge Investment Management Ltd (UCIM). UCIM is regulated by the Financial Conduct Authority and is advised by an Investment Advisory Board (IAB) which brings considerable relevant external investment expertise.

The role of the new Trustee Body is to set the high-level investment principles, fund performance and distribution objectives in consultation with UCIM and the IAB, to monitor the performance of the CUEF and UCIM. The Trustee Body is not involved in asset allocation or selection of investments or fund managers (which is the role of UCIM) but to ensure that UCIM is investing appropriately taking due regard to risk, return and responsible investment in accordance with its mandate while acting on behalf of all its investors equally.

The CUEF currently has 19 investors comprising the University, 13 Colleges and 5 Trusts, each of which is a separate legal entity. The University, as the largest investor in the CUEF, closely monitors the performance of its investment in the CUEF through the Council’s Finance Committee (Financial Investment Sub-Committee), but also through annual presentations by UCIM to the Council and its Finance Committee. The University is also the trustee of the CUEF and has approved the establishment of the Cambridge University Endowment Trustee Body to minimise any conflict of interest that might arise.

There will be five Trustee Body members in addition to the Chair – two appointed by Council, two appointed by the non-University investors and one by members of the Body itself. At least one member will need significant experience in responsible investment and, to ensure diversity of thought and perspective, at least one member need not be from a professional investment background. Trustee Body members must at all times act in the interests of all investors, not the interest of any investor that appointed them (to the extent there is a conflict).
The position

As the Chair of the Cambridge University Endowment Trustee Body the appointed person will play a key role in the oversight of UCIM as a regulated fund manager to ensure that collective investments are managed competently, appropriately and fairly.

The Chair will work with stakeholders to establish the Trustee Body and will be involved in the appointment of its remaining members towards the end of 2022.

The Chair will also be responsible for ensuring the views of the collegiate University investors are well understood and are fairly represented.

Attributes and experience

The person appointed as Chair of the Trustee Body will have an outstanding record with broad knowledge of financial markets and previous experience of overseeing funds – ideally regulated funds that resemble the CUEF. An understanding of philanthropic fundraising and the attitude of donors to funds that will be held in the CUEF is also valuable.

The CUEF is open to investment only from the University and charitable entities connected to it. As such, it is important that the inaugural Chair has a good understanding of the operation of the collegiate University and sympathy with its mission.

The successful candidate will be a strong and inclusive communicator, who has most likely had a long association with the University or a College, as well as senior oversight in one or more financial institutions. That person will enjoy and be successful at overseeing high-performing teams, working with both academic and financial colleagues.

Terms of appointment

The position of Chair is an unpaid role, for a minimum tenure of four years. Given that this is a new role, the time commitment is as yet undefined, but it will most likely be no more than 10–12 days per annum. The successful candidate will be able to claim reasonable expenses incurred in the course of business associated with the Trustee Body.

Process for appointment

The Council is being advised by a Nominating Committee, which is chaired by Ms Sharon Flood and has the following additional members: Dr Nicholas Holmes, Dr Ann Kaminski, Mr Naguib Kheraj, Mr Ian Wright.

The Council is committed to a pro-active and inclusive approach to equality, which supports and encourages all under-represented groups, promotes an inclusive culture, and values diversity.

Expressions of interest, which should comprise a curriculum vitae and covering letter should be sent by email to the Chief Financial Officer, Anthony Odgers (Anthony.Odgers@admin.cam.ac.uk) by 12 noon on Thursday, 8 September 2022.

Regent House membership for retired University staff: 15 August deadline

Under Special Ordinance A (i) (e), retired members of University staff who were previously on the Roll can reacquire Regent House membership (including, for example, those currently working as voluntary Directors of Research). To qualify, University staff:

- will have retired or be about to retire from an office or appointment in the University which previously qualified them for membership of the Regent House; and
- will not be eligible for membership of the Regent House in another category, e.g. as a Fellow of a College; and
- will need to provide to the Registry by 15 August prior to the promulgation of the Roll each year written confirmation from their Head of institution that they are active participants in the University’s affairs.

A form is available online at https://www.governance.cam.ac.uk/governance/key-bodies/RH-Senate/Documents/RHmembershipforUnivstaff.pdf for return to the Registry by email to UniversityDraftsman@admin.cam.ac.uk by Monday, 15 August 2022, for inclusion on the Roll from 5 November 2022.

Hybrid Working Policy consultation: Comments by 7 September 2022

Views are being sought on a proposed Hybrid Working Policy. For full details of the consultation and how to provide comments, please see https://www.hr.admin.cam.ac.uk/hybrid-working (Raven required; please use an @cam email address). The deadline for responses is 5.30 p.m. on Wednesday, 7 September 2022.

All University staff are invited to participate in the consultation and share their views on hybrid working and the draft Policy. Heads of institutions are also invited to share their views, including the Policy’s suitability from an institutional perspective.
Car parking on University central sites

The allocation of car park badges to Departments for 2022–23 shall continue to be issued under the current policy, which relates the number of permits issued to current staff numbers and site capacities.

Normally permits are issued from 1 October each year.

Details of the criteria for the issue of permits from 1 October 2022 are as follows:

(i) The allocation of badges shall not exceed the ratio of 1:8:1 when measured against the parking capacity of any site.

(ii) Allocations will be adjusted where necessary to conform to the above ratio.

(iii) Heads of Departments will be responsible for the issue of badges according to Departmental allocation. It is suggested that the following criteria should normally be applied in the order specified. However, it is recognised that Heads of Departments will use their own judgement in applying the criteria as appropriate:

(a) persons with a Blue badge;
(b) persons with other medical or physical conditions which necessitate that they should park in close proximity to their place of work;
(c) family commitments – a need to attend to dependent family members during the day (e.g. taking/collecting children to/from nursery or school, visiting elderly or hospitalised family members) in areas not immediately accessible by public transport;
(d) unsocial hours of work – a requirement to work unsocial hours on a regular and frequent basis, finishing and/or starting at a time when public transport provision does not provide a viable alternative;
(e) persons having a requirement to use a car for work purposes on a regular basis during the working day as an essential part of their duties;
(f) persons who are prepared to undertake a formal car-sharing arrangement;
(g) inadequate public transport – applicable to staff who reside beyond a distance where they could reasonably be expected to walk or cycle to work, in areas beyond reasonable reach of public transport;¹ [Staff applying on this basis should note why they need to drive into Cambridge rather than use the Park & Ride.]
(h) staff who are willing and able to park their vehicle at the University secure park and cycle facility and cycle, walk or take the University shuttle bus service to their place of work (only those staff working on central sites are eligible);

Permits should not be issued to former members of staff or for use other than in connection with current University employment. Undergraduate and postgraduate students are not eligible for a permit except by qualification under (a) or (b) above.

Able-bodied persons who already have adequate parking facilities at a central College should normally be ineligible for a badge. For this purpose the term ‘central College’ excludes those Colleges which are inside the City boundaries but not situated in the central area, i.e. Churchill, Fitzwilliam, Homerton, Hughes Hall, Lucy Cavendish, Murray Edwards, St Edmund’s, and Wolfson. Girton College, which is outside the City boundary, is also excluded.

Further information can be found at https://www.em.admin.cam.ac.uk/about-us-what-we-do/estate-operations/facilities-services/car-parking-and-park-cycle.

¹ Reasonable public transport provision is defined as follows: a total journey time not in excess of forty-five minutes each way including walking time.

Compulsory Part Ib modern Chinese language paper for students in Pathway 2.

By renaming Paper J.5. as ‘J.5B. Modern Japanese texts’ and inserting a new Paper J.5A. as follows:

J.5A. Introduction to pre-modern Japanese
This compulsory one-term language paper is an introduction to pre-modern and early modern written Japanese, a type of written language used well into modernity. While reading and translating a varied selection of texts, students gain solid knowledge of the basic grammar of Classical Japanese (bungo).

By dividing Paper J.6. into two half-papers, adding a footnote, and amending the first sentence of the rubric so the text reads as follows:

J.6A. Japan’s pre-modern history and J.6B. Japan’s modern history
These half-papers explore a variety of narratives and approaches to understanding Japan’s history. Topics will include power politics, religions and ideologies, gender, warfare, and modernity, as well as Japan’s place in the world.

Jointly, these papers also serve as Paper 18 of Part II of the Historical Tripos.

By amending the title and rubric for Paper J.7 as follows:

J.7. Pre-modern Japanese texts
This one-term language paper builds on J.5A. Introduction to pre-modern Japanese with a view to consolidate and expand knowledge of Classical Japanese (bungo) while allowing students to develop skills to read a wide gamut of texts independently.

By renaming Paper J.8. as ‘J.8A. Modern and contemporary Japanese literature’ and amending the first sentence of the rubric to read ‘This paper is a survey of modern Japanese literature’.

By inserting a new Paper J.8B. as follows:

J.8B. Pre-modern and early modern Japanese literature
This paper is a survey of pre-modern and early modern Japanese literature. By reading a wide selection of primary sources in English translation, students will learn about authors, genres, texts, and themes that populate pre-modern and early modern Japanese literary culture.

By inserting a new footnote to both Papers J.8A. and J.8B. to read as follows:

Papers J.8A and J.8B are also borrowed by the English Tripos as one joint paper.

By replacing Paper J.10. with new Papers J.10A. and J.10B. as follows:

J.10A. Japanese politics: Modernisation, cultural and political and economic exceptionalism
The course is an introduction to post-1945 Japanese politics examining Japan’s political parties and institutions from a comparative perspective, particularly with reference to other liberal-democracies including the Republic of Korea.

J.10B. Korean politics: Fractured identities and the struggle for legitimacy on the Korean Peninsula
The course is an introduction to the politics of the Korean Peninsula. It analyses the emergence of two separate nation-states, the Republic of Korea (ROK) and the Democratic People’s Republic of Korea (DPRK) in the aftermath of the peninsula’s liberation from Japan’s colonial rule in 1945.

PART II

By retitling Paper MES.39. to read ‘MES.39. Special subject in the pre-modern Middle East: Islamic art and architecture: Routes, roots and new frontiers.'
Education Tripos (New Regulations)

(Statutes and Ordinances, p. 323)

With effect from 1 October 2020

The General Board, on the recommendation of the Faculty Board of Education, has approved amendments to the Education Tripos, including the renaming of certain papers, the renumbering of papers in Parts Ia and II so that they follow in sequence from the papers in Part Ia, and amending the schemes of examination, as follows:

Regulation 12.

By removing the reference in Section II to the Psychological and Behavioural Sciences Tripos in the description of Paper 4 Introduction to psychology.

Regulation 13.

By revising the regulation to read as follows:

13. (a) Papers 1, 4, 5, 6 and 8 shall be examined by means of one three-hour written examination.

(b) Papers 3 and 7 shall be examined by means of the submission of coursework and/or by means of practical work. Details of the work required shall be published by the Faculty Board of Education not later than the beginning of the Michaelmas Term preceding the examination.

(c) Paper 2 shall be examined by means of a two-hour examination and the submission of coursework. Details of the work required shall be published by the Faculty Board of Education not later than the beginning of the Michaelmas Term preceding the examination.

Regulation 14.

By replacing the reference to Regulations 14 and 15 in the second sentence with references to Regulations 15 and 16.

By renumbering Papers 1 and 2 as Papers 9 and 10 in Section I.

By replacing Section II with the following:

Paper 11 Modernity, globalisation and education
Paper 12 Education, global inequalities and social justice (also serves as Paper 5 of Part Ia of the Education Tripos)

Paper 19 Theatre practice and production

One paper chosen from a list for the pathway to be published by the Faculty Board by the end of the Easter Term next preceding the examination

A candidate in the Education, English, drama and the arts pathway may offer a dissertation on a topic in the fields of film, drama or English literature in place of either of these papers. Any dissertation shall be offered under the conditions specified in Regulation 15.

Regulation 15.

By replacing the reference to Paper 1 with a reference to Paper 9.
Regulation 16.
By revising the regulation to read as follows:

16. (a) Papers 10, 11, 12, 14, 16 and 17 shall be examined by means of one three-hour written examination.
(b) Papers 13 and 19 shall be examined by means of the submission of coursework as specified by the Faculty Board from time to time.
(c) Paper 18 shall be examined by means of one two-hour examination and the submission of coursework as specified by the Faculty Board from time to time.

Regulation 17.
By amending the cross reference in sub-paragraph (d) to remove ‘Regulation 15’ and so it refers to ‘(a) to (c) above’.
By amending the sections to read as follows:

Section II. Issues in education
Paper 20 Changing landscapes of childhood and youth: History, experience and culture
Paper 21 Towards a transnational sociology of education: Space, power and politics

Historical Tripos

(Statutes and Ordinances, p. 351)

With effect from 1 October 2022

The General Board, on the recommendation of the Faculty Board of History, has approved a revised Historical Tripos with effect from 1 October 2022. The updated regulations are set out below. Necessary updates to regulations for the Preliminary Examinations for Part I and for Part II of the Historical Tripos, History and Modern Languages Tripos, and History and Politics Tripos are set out in separate Notices (at p. 650, p. 659 and p. 661).

The changes aim to refresh teaching, embed clearer progression in teaching and learning, introduce more diverse forms of assessment, and identify training in a variety of skills more explicitly in the curriculum. They respond to the recommendations of Learning and Teaching Reviews held in 2011 and 2017 and take on board comments from students and those who teach them.

The regulations have largely been rewritten and the course has moved away from an undivided Part I, to a divided Part I and a one-year Part II. Changes include:

- students being required to take a paper on Historical Thinking in each Part;
- the addition of a Historical Skills paper in Part Ia, as preparation for Part Ib Research Projects and Part II dissertations;
- the offer of a greater number of papers employing coursework as a means of assessment;
- the introduction of more variable papers to allow for more research-led teaching that utilises the strengths of the Faculty.

The new regulations for the Historical Tripos, effective for Part Ia students from 1 October 2022, are as follows:

**HISTORICAL TRIPOS**

**NEW REGULATIONS**

1. The Historical Tripos shall consist of three Parts: Part Ia, Part Ib, and Part II.

2. The following may present themselves as candidates for honours in Part Ia:
   (a) a student who has not obtained honours in another Honours examination, provided that they have kept one term and that three complete terms have not passed after the student’s first term of residence;
   (b) a student who has obtained honours in another Honours examination, in the year after so obtaining honours, provided that they have kept four terms and that nine complete terms have not passed after the student’s first term of residence.

3. The following may present themselves as candidates for honours in Part Ib:
   (a) a student who has obtained honours in Part Ia of the Historical Tripos in the year next after so obtaining honours, provided that they have kept four terms;
   (b) a student who has obtained honours in another Honours examination, in the year after so obtaining honours, provided that they have kept four terms and that nine complete terms have not passed after the student’s first term of residence.

4. The following may present themselves as a candidate for honours in Part II:
   (a) a student who has obtained honours in Part Ia of the Historical Tripos, in the year next after so obtaining honours, provided that twelve complete terms have not passed after her or his first term of residence;
   (b) a student who has obtained honours in another Honours Examination, in the year next after or next but one after so obtaining honours, provided that the student has kept seven terms and twelve complete terms have not passed after her or his first term of residence;
   (c) an Affiliated Student, in accordance with the General Regulations for Affiliated Students.

5. No student shall be a candidate for more than one Part of the Historical Tripos, or for any of its Parts and also for another Honours Examination, in the same term.

6. No student who has been a candidate for any Part shall again be a candidate for the same Part.

7. A candidate shall not offer in any Part of the Tripos a paper that they have previously offered in another University examination.

8. In each examination, candidates must not present the same material more than once. Nor should candidates present the same material more than once as they are examined for the different Parts of the Tripos.

---

1 These regulations will come into effect in accordance with the timetable in Temporary Regulation 25, p. [000].
9. Notice of all the variable papers available for examination shall be given by the Faculty Board before the end of the Easter Term one year prior to the examination; provided that, in all cases, the Faculty Board shall have the power of subsequently issuing amendments if they have due reason for doing so and if they are satisfied that no student’s preparation for the examination will be adversely affected. The Faculty Board shall have power when they give notice of the variable subjects selected for a particular examination to announce any consequential restriction on the combination of papers that a candidate may offer.

10. The Faculty Board shall have power to define or limit by supplementary regulations all or any of the subjects of examination, and to modify or alter such supplementary regulations as occasion may require.

11. Each paper shall be assessed either by a timed written examination or by coursework or by a combination of the two. The mode of examination for each paper, and details of any coursework and of the arrangements for its submission, shall be published by the Faculty Board not later than the beginning of the Full Michaelmas Term next preceding the examination.

12. The Faculty Board shall have power to define or limit by supplementary regulations all or any of the subjects of examination, and to modify or alter such supplementary regulations as occasion may require.

13. Each paper shall be assessed either by a timed written examination or by coursework or by a combination of the two. The mode of examination for each paper, and details of any coursework and of the arrangements for its submission, shall be published by the Faculty Board not later than the beginning of the Full Michaelmas Term next preceding the examination.

14. The Faculty Board shall have power to nominate such number of Examiners as they may deem sufficient for each Part of the Tripos.

15. The Faculty Board shall have power to nominate one or more Assessors to assist the Examiners for each Part of the Tripos. Assessors shall, if required, participate in setting the paper or papers assigned to them, mark the work of the candidates, and present a report to the Examiners. They may be summoned to meetings of the Examiners for the purpose of consultation and advice, but shall not be entitled to vote.

16. The papers set by each Examiner or Assessor shall be submitted to the Chair of the Examiners and at least one other Examiner for their approval.

17. The same person may serve as an Examiner both for Part Ia and Part Ib simultaneously. A person who is an Examiner for one Part of the Tripos may also serve as an Assessor for any other Part of the Tripos.

18. The Faculty Board shall have power to nominate one or more Assessors to assist the Examiners for each Part of the Tripos. Assessors shall, if required, participate in setting the paper or papers assigned to them, mark the work of the candidates, and present a report to the Examiners. They may be summoned to meetings of the Examiners for the purpose of consultation and advice, but shall not be entitled to vote.

19. The papers set by each Examiner or Assessor shall be submitted to the Chair of the Examiners and at least one other Examiner for their approval.

19. The scheme of examination for Part Ia shall be:

- Paper HT1. Historical Thinking I
- Papers O1–O11. Outline papers. A variable number of papers specified by the Faculty Board, offering an introduction to periods and places, and combining economic, social, political, cultural and intellectual history. In any given year there will be at least three papers among Papers O1–O5 and at least three papers among Papers O6–O11 available for examination.
- Papers S1–S16. Sources papers. A variable number of papers specified by the Faculty Board, exploring primary material. In any given year there will be at least six S papers available for examination.
- Paper HS. Historical Skills.

19. A candidate for Part Ia shall be required to offer:

Bachelor of Theology for Ministry

(Statutes and Ordinances, 466)

With effect from 1 October 2022

The General Board, on the recommendation of the Faculty Board of Divinity, has approved the amendment of the regulations for the degree of Bachelor of Theology for Ministry to simplify and clarify the regulations, as follows:

BACHELOR OF THOLOGY FOR MINISTRY

1. The degree of Bachelor of Theology for Ministry (B.Th.) may be awarded to a candidate who:
   (a) has satisfied Examiners in the First and Second Examinations for the degree;
   (b) has completed five terms at least by residence; and
   (c) has submitted to the Examiners a satisfactory portfolio in reflective pastoral practice under the provisions of Regulations 12, 15, and 16.

2. A student who has proceeded, or who is qualified to proceed, to the B.Th. Degree shall not be a candidate for any Honours Examination except by special permission of the Council, on the application of the student’s Tutor. In considering applications, the Council shall have regard to the privileges granted to Affiliated Students. A student who has been granted permission under this regulation shall not offer in any Honours Examination a paper which is the same as, or which substantially overlaps with, a paper which they have offered in the First or Second Examination for the B.Th. Degree.

3. There shall be a First Examination and a Second Examination for the B.Th. Degree. The names of successful candidates in both the First and Second Examinations shall be arranged in alphabetical order in three classes, with the second class being divided.

4. Subject to the provisions of Regulation 6, a student may be a candidate for the First Examination if they:
   (a) have been proposed for the degree by a Member Institution of the Cambridge Theological Federation, and admitted by the Faculty Board of Divinity; and
   (b) have been matriculated and have kept two terms as a member of the University; provided that three complete terms have not passed after the student’s first term of residence reading for the B.Th.Degree.

5. Subject to the provisions of Regulation 6, a student may be a candidate for the Second Examination if they:
   (a) have satisfied the Examiners in the First Examination; and
   (b) have kept five terms as a member of the University; provided that nine complete terms have not passed after the student’s first term of residence reading for the B.Th.Degree.

6. (a) The Faculty Board of Divinity shall have power to grant an allowance of not more than one term to a student who has spent a period of not less than eight weeks working under supervision outside the University under conditions approved by the Faculty Board, provided that no student shall be granted such an allowance on more than one occasion.
   (b) A term allowed under this regulation may be counted for the purposes of satisfying the minimum requirements of Regulation 4 or Regulation 5 above.

7. No student shall be a candidate for both the First and Second Examinations, or for either of those examinations and also for an Honours Examination of the University, in the same term. No student who has been a candidate for either the First or the Second Examination shall again be a candidate for the same examination.

8. The Faculty Board shall nominate such number of Examiners for each of the examinations as they deem sufficient, and shall have power to nominate one or more Assessors to assist the Examiners in any subject. Assessors may be summoned to meetings of the Examiners for the purpose of consultation and advice, but shall not be entitled to vote.

9. Where a candidate offers an additional paper under Regulations 16 or 17 below, the Examiners shall take account of a candidate’s performance in an additional paper, or in the weaker of two papers either of which may be deemed to have been taken as an additional paper, only in so far as it is to the candidate’s advantage. They shall not exclude a candidate from any class on the ground that they have not offered an additional paper.

10. The Faculty Board of Divinity shall have power to issue from time to time supplementary regulations defining or limiting all or any of the subjects of examination, and to modify, alter, or withdraw such supplementary regulations as occasion may require, provided that due care is taken to give sufficient notice of any change.
11. Lists of the papers offered for the First and Second Examinations, specifying the mode of assessment for each paper, shall be published by the Faculty Board each year before the end of the Full Easter Term next preceding the year in which the Examinations shall take place. The Board shall have the power to issue subsequent amendments to the lists if they have due reason for so doing, provided that they are satisfied that no student’s preparation for their examination will be adversely affected thereby. The Board shall have the power to specify restrictions on the combinations of papers that candidates may offer.

12. The Faculty Board shall publish the following information relating to examinations and assessment to be conducted during any given academic year not later than the first day of Full Michaelmas Term of that year:

(a) lists of topics prescribed for essays to be submitted by candidates as specified under Regulations 13 and 14;
(b) details regarding the subject, format, and submission of coursework specified for Group E papers; and
(c) details of the arrangements for proposing, approving, and submitting the optional dissertation as provided under Regulation 17.

13. The papers for the First and Second Examinations for the degree of B.Th. shall be divided into Groups A–E and shall be announced under Regulation 11. Each paper shall be designated as either a full paper or a half-paper.

Group A shall comprise papers on scriptural languages. There shall be at least two papers but no more than four, covering as a minimum Biblical Hebrew and New Testament Greek.

Group B shall comprise textual study papers. There shall be at least three papers but no more than six.

Group C shall comprise papers on special study subjects. There shall be at least four papers but no more than fourteen.

Group D shall comprise papers advanced special study subjects. There shall be at least four papers but no more than eight.

Group E shall comprise two papers in Practical theology: Reflective practice A, and Reflective practice B.

14. (a) Full papers shall be assessed by one of the following modes of assessment:

(i) a written paper of three hours’ duration;
(ii) a written paper of two hours’ duration and an essay on a topic chosen from a list of topics published by the Faculty Board; or
(iii) two essays on topics chosen from a list of topics published by the Faculty Board.

(b) Half-papers shall be assessed by one of the following modes of assessment:

(i) a written paper of two hours’ duration; or
(ii) an essay on a topic from a list of topics published by the Faculty Board.

(c) Essays offered under this Regulation shall be of not more than 3,000 words in length (including notes and footnotes used to convey information, comment, or analysis, but excluding the bibliography and footnotes which act simply as references).

15. A candidate for the First Examination shall offer:

(a) Full papers and half-papers amounting to three-and-a-half papers chosen from Groups B and C;
(b) a language paper chosen from Group A unless the candidate has previously passed a biblical language course which is deemed by the Faculty Board to be of equivalent standard; and
(c) Practical theology: Reflective practice A.

provided that a candidate who so wishes may offer an additional paper from Group A in a language which they have not already studied, within the University or elsewhere, to the standard required in the paper.

16. A candidate for the Second Examination shall offer:

(a) either

(i) full papers and half-papers amounting to four papers chosen from Groups C and D;

or

(ii) full papers and half-papers amounting to three papers chosen from Groups C and D, together with a dissertation offered in accordance with the arrangements published by the Faculty Board under Regulation 17;

and

(b) Practical theology: Reflective practice B;
provided that:

(1) a candidate shall not offer any full paper or half-paper that they have previously offered in the First Examination; and

(2) a candidate may offer as an additional paper a language paper chosen from Group A in a language they have not previously offered.

17. A candidate for the Second Examination, with the permission of the Faculty Board, may submit in place of any one full paper or two half-papers, a dissertation of not less than 8,000 words and not more than 10,000 words in length (including footnotes but excluding bibliography) on a topic approved by the Faculty Board. A dissertation may be on any topic relating to the subject of one full or two half-papers in Groups B, C, or D. In approving a particular topic the Faculty Board may stipulate that the candidate concerned may not offer (or have already offered) a particular paper or a particular prescribed subject within a paper.

18. A candidate who fails to satisfy the Examiners in Practical theology: Reflective practice A or B at the end of the First or Second Examination year may apply to the Faculty Board to be reassessed in the examination. Such permission shall be granted on not more than one occasion. If any candidate is given permission to be reassessed under this regulation, the assessment shall be concluded on the basis of such additional work as the Examiners may require and shall be completed in the academic year next following the first assessment, except by special permission of the Faculty Board granted in exceptional circumstances.

Regulation 2.
By replacing the first sentence of Regulation 2 with the following:

Only a person who has been proposed by a Member Institution of the Cambridge Theological Federation and admitted by the Faculty Board may be a candidate for the Diploma in Theology for Ministry.

Regulation 3.
By replacing the existing text of Regulation 3 with the following:

3. Candidates shall be required to offer four-and-a-half papers, or an equivalent combination of papers and half-papers, comprising:
(a) a total of three papers drawn from those announced for the B.Th. Degree in Groups A, B, C and D under Regulation 11 for the B.Th. Degree;
(b) Practical theology: Reflective practice A (from Group E of the B.Th. Degree); and
(c) a dissertation, which shall count as one full paper, on any topic approved by the Faculty Board, in accordance with the arrangements published by the Faculty Board under Regulation 12 for the B.Th. Degree.
Second-stage Report of the Council on the construction of the National Centre for Propulsion and Power and re-development of the Whittle Laboratory

The Council begs leave to report to the University as follows:

1. In this Report the Council is seeking approval for the construction of a new National Centre for Propulsion and Power and re-development of the Whittle Laboratory at West Cambridge.

2. A First-stage Report for this project was published on 12 June 2019 (Reporter, 6551, 2018–19, p. 684) and approved by Grace 3 of 24 July 2019. This Second-stage Report is to inform the Regent House about further development of the scheme and to seek approval for construction to proceed.

3. The project outlined in this Report includes the construction of a new building at the front of the existing Whittle Laboratory on the West Cambridge site. As part of the project, existing accommodation for the Whittle Laboratory will be upgraded and expanded to provide the National Centre for Propulsion and Power, new workshops and a three-storey office building with seminar, meeting and a collaborative project space on the ground floor. The existing High and Low Speed Labs will be retained and the single storey-office accommodation will be demolished. In total, approximately 3,783m² (gross internal area) of new building will be added to approximately 1,686m² (gross internal area) of retained laboratories and workshops.

4. There will be approximately 120 cycle parking spaces located close to the entrance and arrival points of the new building. Parking for service vehicles will be provided within the curtilage of the Whittle Laboratory site. Disabled parking will be provided adjacent to the building. Site-wide car parking will be developed in accordance with the West Cambridge Site Masterplan. Contractor parking and other construction logistics will be controlled through a construction management plan to mitigate the impact on existing activities in West Cambridge during the construction phase in co-ordination with other construction activity on the West Cambridge site.

5. The project will achieve the BREEAM Excellent standard. The primary energy solution for the building will be Air Source Heat Pumps.

6. In accordance with the Investment Approval Process, a Full Business Case has been prepared by the Department of Engineering and was approved by the Planning and Resources Committee on 22 June 2022.

7. The capital cost of the proposed development is £51m including the specialist equipment for the National Centre for Propulsion and Power. This is circa £6m higher than indicated in the First stage Report. The difference arises from a number of factors which have contributed to unusually high construction price inflation recently, including the impact of the Covid-19 pandemic, Brexit, supply chain issues affecting labour and materials and current geo-political uncertainties.

8. The capital costs will be funded as follows: £0.6m of funds available to the Department of Engineering; a grant of £13.25m from the Aerospace Technology Institute (ATI); a donation of £10m from Mr Peter Bennett; £1.25m from various industrial partners; and grants of £0.75m from the Wolfson Foundation and £0.5m from the Garfield Weston Foundation. In total, £25.75m of external funding has been raised towards the capital costs of this project and a further £8m of investment by industrial partners has been agreed in direct support for research, predicated on this project being delivered. The balance of the capital cost (£24.6m), which includes £5m previously committed by the University, will be underwritten by the Investment Fund to enable the project to proceed to completion whilst fundraising continues.

9. The costs of loose furniture and equipment, IT/AV and moving costs, estimated to be around £0.75m, will be funded by the Department of Engineering.

10. The General Board has agreed that, in recognition of the £10m gift for this project from Mr Peter Bennett, the new Whittle Laboratory office building will be named ‘the Bennett Laboratory’.¹

11. Planning consent for the scheme was approved in June 2020.

12. The Whittle Laboratory project is dependent on additional infrastructure being provided in the vicinity of the site (drainage, utilities, etc.). The estimated cost of these works is £6.8m. Approval for expenditure on infrastructure totalling £45.25m as a charge on the West Cambridge Infrastructure fund account was agreed by the Planning and Resources Committee on 13 December 2017 and approved by Grace 3 of 7 February 2018 as part of the Second stage Report for the Cavendish III project. A Warrant for £33.75m was subsequently raised to cover the cost of infrastructure for the Civil Engineering, Cavendish III and Shared Facilities Hub projects. The Planning and Resources Committee has agreed to extend the scope of this warrant to include the infrastructure required for the Whittle project and to deliver this within the prevailing expenditure limit of £33.75m. The infrastructure works will be contracted for as part of the main contract for the Whittle project.

13. Enabling works are expected to start in March 2023. The main construction works are expected to start in January 2024 and take around two years to complete. The new building is expected to be operational by the end of 2025. Demolition and landscaping works are expected to be complete by Spring 2026.

14. Drawings of the proposed development are displayed for the information of the University in the Schools Arcade and are reproduced online at https://www.afpa.admin.cam.ac.uk/capital-planning/plans-and-drawings. A plan showing the location of the proposed new building is shown below.

15. The Council recommends:

I. That approval is confirmed for the construction works outlined in this Report.

II. That the Pro-Vice-Chancellor (Strategy and Planning) be authorised to accept a tender for the works, within the available funding, in due course.

¹ Rolls-Royce, Mitsubishi and Siemens.
[2] 7 October 2022: Since publication of the Report, the General Board has been informed that the donor has requested and it has been agreed by the Department of Engineering and the School of Technology that the name be amended to ‘the Bennett Innovation Lab’.

GRACES

Graces submitted to the Regent House on 27 July 2022

The Council submits the following Graces to the Regent House. These Graces, unless they are withdrawn or a ballot is requested in accordance with the regulations for Graces of the Regent House (Statutes and Ordinances, p. 111), will be deemed to have been approved at 4 p.m. on Friday, 5 August 2022. Further information on requests for a ballot or the amendment of Graces is available to members of the Regent House on the Regent House Petitions site.1

1. That the recommendations in paragraph 9 of the Report of the General Board, dated 15 June 2022, on the Academic Career Pathways (Research and Teaching) 2022 exercise (Reporter, 6662, 2021–22, p. 549) be approved.1

2. That the recommendations in paragraph 3 of the Report of the General Board, dated 15 June 2022, on the establishment of a Professorship (Language Learning) (Reporter, 6662, 2021–22, p. 556) be approved.2

5. That a Peter Bayley Fund be established in the University, to be governed by the following regulations:4

Peter Bayley Fund

1. The benefaction received from Dr Angus Bowie, together with such other sums as may be received or applied for the same purpose, shall form an endowment fund called the Peter Bayley Fund to support postgraduate students studying French in the University.

2. The Managers shall be responsible for the administration of the Fund and the application of its income and shall comprise:

(a) the Chair of the Faculty of Modern and Medieval Languages and Linguistics who shall be Chair;

(b) two members of the Faculty of Modern and Medieval Languages and Linguistics,[1] appointed by the Faculty Board of Modern and Medieval Languages and Linguistics, who shall serve for such period as the Faculty Board shall determine.

3. Subject to Regulation 4, the income of the Fund shall be used to provide bursary awards support. Arrangements for awards, including the number, tenure and conditions of support to be awarded in any given year, the expenses to be covered by an award, and the form of the application and selection processes, shall be at the discretion of the Managers and may provide for applications by persons who are not yet members of the University and for the financial circumstances of candidates to be taken into consideration.

4. Any unexpended income in any financial year may, at the discretion of the Managers:

(a) be awarded to support the work of the supported student(s);

(b) be applied to support research in any of the fields of study and research undertaken in the Faculty of Modern and Medieval Languages and Linguistics in the University;

(c) be carried forward for use as income in accordance with Regulation 3 in any one or more subsequent financial years.

[1] The Faculty Board has agreed that one of the members shall normally be the Director of French until further notice.

1 See the Council’s Notice, p. 641.
2 See the Council’s Notice, p. 642.
3 See the Council’s Notice, p. 642.
4 See the Notice of benefactions, p. 639.

§ See https://www.governance.cam.ac.uk/governance/key-bodies/RH-Senate/Pages/RH-Petitions.aspx for details.
6. That a Stephen Toope Studentships Fund be established in the University, to be governed by the following regulations:4

**Stephen Toope Studentships Fund**

1. The funds given to the University in honour of Professor Stephen Toope at the end of his tenure as Vice-Chancellor, together with such other sums as may be received or applied for the same purpose, shall form an endowment fund called the Stephen Toope Studentships Fund to support postgraduate students studying human rights, public (international) law, public policy, or social justice in the University.

2. The Managers shall be responsible for the administration of the Fund and the application of its income and shall comprise:

   (a) the Head of the School of the Humanities and Social Sciences who shall be Chair;
   
   (b) the Deputy Head of the School of the Humanities and Social Sciences;
   
   (c) the Chair of the Faculty Board of Law;
   
   (d) the Head of the Department of Politics and International Studies; and
   
   (e) one additional Head of Department appointed by the Council of the School of the Humanities and Social Sciences.

3. Subject to Regulation 4, the income of the Fund shall and (if the Managers think fit) the capital of the Fund may be used to provide awards, which shall be called the Stephen Toope Studentships. Arrangements for awards, including the number, tenure and conditions of Studentships to be awarded in any given year, the expenses to be covered by an award, and the form of the application and selection processes, shall be at the discretion of the Managers and may provide for applications by persons who are not yet members of the University and for the financial circumstances of candidates to be taken into consideration, but with a preference for awards to be granted in support of those students in underrepresented groups at the University, the comparative population (for example, at subject or cohort level or among the postgraduate or whole student population) as determined by the Managers.

4. Any unexpended income in any financial year, including income accrued during a vacancy in the Studentships, may, at the discretion of the Managers:

   (a) be awarded to support the work of the holder(s) of the Studentships;
   
   (b) with the approval of the Council of the School of the Humanities and Social Sciences, be applied to support research in the field of human rights, public (international) law, public policy, or social justice in the University in such manner as may be recommended by the Managers;
   
   (c) be carried forward for use as income in accordance with Regulation 3 in any one or more subsequent financial years.

7. That the existing Classes of Persons Qualified to Matriculate (Statutes and Ordinances, p. 170) be inserted in Ordinance, and the first sentence amended and new class (h) inserted, to read as follows:5

   In addition to the persons qualified under Statute B 11, the following classes of persons have been approved as qualified for matriculation:

   (h) members of the Regent House who are not otherwise qualified for matriculation.

8. That Regulations 1–6 of the Ordinance for Readers and Readerships (Statutes and Ordinances, p. 777) be replaced with the following new Regulations 1 and 2, retaining the list of Readerships under existing Regulation 6 to appear under new Regulation 2, and the Ordinance retitled the Ordinance for Readerships and Professorships (Grade 11):6

   1. In any Statute or Ordinance the term ‘Reader’ shall not include the Sandars Readership in Bibliography.
   
   2. In addition to Readerships and Professorships (Grade 11) created under Special Ordinance C (vii) C. 4 for particular persons and other single tenure Readerships and Professorships (Grade 11), the following Readerships and Professorships (Grade 11) are established in the University:

---

4 See the Notice of benefactions, p. 639.

5 Following a technical review of the University’s Statutes, new Statutes were approved in 2014 (Reporter, 6338, 2013–14, p. 371). As part of the review, the text of Statute B I 1 was updated, and new sub-paragraph (e) noted that persons could matriculate in any category determined by Statute or Ordinance. However, the text describing the classes of persons qualified to matriculate as approved by the Council, reproduced in Chapter II of Ordinances, was not inserted in Ordinance, although subsequent amendments to the classes were approved by Grace. This Grace corrects that oversight. It also adds a new class to ensure that all members of the Regent House qualify for matriculation.

6 When Grace 5 of 29 July 2020 was approved by ballot, the text of Regulations 1–5 of the Ordinance for Readers and Readerships was added as new Part C to Special Ordinance C (vii). However, the existing regulations were not revised. The Council is proposing this amendment to correct that error, by rescinding the provisions that are now repeated in Ordinance and updating the text of the remaining regulations.
9. That the reference to the Sir William Dunn Professor of Biochemistry in the following trust fund regulations be replaced with a reference to the Head of the Department of Biochemistry:

Dr E. J. Bles Fund (Statutes and Ordinances, p. 810): Regulation 2.
Benn W. Levy Fund and Studentship (Statutes and Ordinances, p. 914): Regulation 2(a).
Gwynaeth Pretty Research Fund and Studentship (Statutes and Ordinances, p. 963): Regulation 2.
Alkis Seraphim Memorial Fund (Statutes and Ordinances, p. 989): Regulation 3.

10. That Regulation 4 of the regulations for the Grace and Thomas C. H. Chan Fund (Statutes and Ordinances, p. 825) be deleted, the remaining regulations renumbered and Regulations 1–3 and (renumbered) 5–6 amended to read as follows:

1. The sums received from Mr and Mrs Thomas C. H. Chan shall form a fund called the Grace and Thomas C. H. Chan Scholarship Fund. The capital and income of the Fund, together with other sums made available for the same purpose, shall be used for the purpose of providing scholarships for students registered as applicants for admission to or candidates for any degree in the University.
2. The Managers of the Fund shall be up to three persons appointed by the General Board.
3. The first charge on the Fund shall be the provision of scholarships, called ‘Grace and Thomas C. H. Chan Scholarships’, for students registered for admission to or candidates for any degree in the University. Provided that candidates of sufficient merit present themselves, up to three Grace and Thomas C. H. Chan Scholarships shall be awarded in 2007, up to two awards per year for the next four years, and then one Scholarship per year until at least 2030.
4. Any unexpended income in any financial year may be carried forward for use as income in accordance with Regulation 3 in any one or more subsequent financial years.
5. Scholarships shall be awarded by a selection committee appointed by the Managers for such period or periods as the Managers may determine, after having regard to the value of the Fund.

11. That in the regulations for the Sheila Joan Smith Professorship Fund (Statutes and Ordinances, p. 1000) Regulations 2 and 3 be deleted and replaced with the following:

2. The income of the Fund shall be applied towards the payment of the stipend, national insurance, and pension contributions of the Professor or Professors payable by the University.
3. Any unexpended income in any financial year, including income accrued during a vacancy in a Professorship, may be applied in such manner as may be approved by the General Board on the recommendation of the Head of the School of Clinical Medicine:
   (a) to meet the cost of the work of any Professor or Professors who are in office and supported by the Fund, and/or
   (b) within the field of medical studies.

7 The Council, on the recommendation of the General Board and the Faculty Board of Biology, is proposing these changes to update the membership of the Managers and Electors of the above Funds, now that the Headship of the Department of Biochemistry is no longer linked to the holding of the Sir William Dunn Professorship of Biochemistry.
8 The Council, on the recommendation of the General Board, is proposing these changes to widen the eligibility for scholarships supported by the Fund to all students registered as applicants for admission to or candidates for any degree in the University. Some changes have also been made to the administrative arrangements for the Fund.
9 The General Board, on the recommendation of the Faculty Board of Clinical Medicine, is proposing changes to the regulations for the Fund to enable the use of surplus income during periods in which the Professorships supported from the Fund remain vacant, in accordance with Statute E I 8.

REPORT OF DISCUSSION

Tuesday, 12 July 2022

A Discussion was held by videoconference. Deputy Vice-Chancellor Professor Johan van de Ven was presiding, with the Registrar’s deputy, the Senior Proctor, the Senior Pro-Proctor and four other persons present.

The following items were discussed:

Report of the General Board, dated 15 June 2022, on the Academic Career Pathways (Research and Teaching) 2022 exercise

Professor G. R. Evans (Emeritus Professor of Medieval Theology and Intellectual History):

Deputy Vice-Chancellor, here, among the other promotions – whose recipients are to be congratulated – are listed the first Clinical Professors, with their names marked with asterisks. It is acknowledged that the innovation which makes this possible came into force after the launch of the promotions exercise whose outcome this Report records. That was provided for at paragraph 7(a) of the Report creating the new office as noted in the present Report but without any clarification of a need for a ‘dedicated’ selection process.

That seems to have affected the conduct of the procedure. This was described as a ‘separate recruitment process for clinically qualified staff. It was stated in the Report proposing this new Office that a ‘dedicated Selection Committee would be established to make appointments to’ it. There is no mention of this having been done in this first instance.

Another list of asterisked appointments in this Report identifies those to unestablished Associate Professorships from 1 October 2022, the period of appointment being to the end of the current appointment. It seems ironic that the creation of Pathways for both ‘teaching and research’ and ‘teaching and scholarship’ academics has left largely unaddressed the muddle over the multiplication of ‘unestablished’ academic posts. Their holders remain without the constitutional benefits of University Office and subject to some procedural disadvantages. They both are and are not what their titles might seem to imply.

1 Reporter, 6646, 2021–22, p. 256.

Report of the General Board, dated 15 June 2022, on the establishment of a Professorship (Language Learning)

Professor G. R. Evans (Emeritus Professor of Medieval Theology and Intellectual History):

Deputy Vice-Chancellor, The Director of the Language Centre is warmly to be congratulated on this first Professorship to be created as a University Office on the Academic (Teaching and Scholarship) Career Path. Can it, however, set a general precedent for promotions on this new career path if it is to be held concurrently with an existing Office? Nor does the Report mention the provision of a Promotions Committee as envisaged in the Joint Report of the Council and the General Board on the introduction of an academic (teaching and scholarship) career path in the Reporter of 24 March 2021.

The Reporter of 6 July 2022 contains a General Board Notice and a Grace (p. 610 and p. 612) adjusting quite radically some aspects of the arrangements for the Teaching and Scholarship Career Path approved by Grace 1 of 12 May 2021. There are not to be two separate promotions committees for Teaching and Research and Teaching and Scholarship but one, with an external member to be added to the Vice-Chancellor’s Committee with ‘knowledge and experience of implementing similar schemes, to help the University embed institutional understanding of an academic (teaching and scholarship) career pathway’. It is perhaps unfortunate that that ‘experience’ has been most widely available either in non-research-active universities or in universities which have hit the headlines recently for presenting their teaching and research staff with a choice between moving to ‘teaching and scholarship’ or being made redundant.

The presumption of equality between the two Pathways was strong in the original Report’s promise that there would be ‘opportunity to transfer’ either way between the two Pathways. But the Grace of 6 July 2022 will change that. In future:

Appointments to R&T posts are always on the basis of a successful application to an openly advertised post, and this principle is without exception. As such, there is no process to transfer from the T&S to the R&T pathway.

Perhaps individuals affected may wish to challenge that career-limiting restriction.

Joint Report of the Council and the General Board, dated 28 June 2022, on the establishment of a University and Staff Joint Board

Professor G. R. Evans (Emeritus Professor of Medieval Theology and Intellectual History):

Deputy Vice-Chancellor, the Council has agreed to grant voluntary recognition to ‘the following trade unions’, including, for the first time, UCU, the University and College Union. In this case it is ‘voluntary’ because UCU does not have a Cambridge University membership large enough to make recognition a requirement. The Union refuses requests for the actual number of its Cambridge membership. I have asked.

There has apparently been a ‘recognition agreement’ with UCU. The Council must, please, publish this in full in a Notice in reply to this Discussion. The Regent House is entitled to know what has been ‘agreed’ on its behalf before it hands over its rights in a Grace.

This Board would replace the University and Assistants Joint Board. The new partners would be ‘University’ and ‘Staff’. In the case of the recognised unions on the Assistants Joint Board with the University their members may reasonably feel that they are in an adversarial relationship with the University as their employer in which such ‘bargaining’ is appropriate. But a substantial proportion of the members of Cambridge UCU must be members of the Regent House. The Regent House has full powers to deal with the matters affecting its members which would fall to UCU on this ‘Board’. The Regent House may delegate its powers to UCU as requested, but why would it do so? That wouldconfine its direct involvement to a role in this new ‘main forum for discussion of changes to certain terms and conditions of employment which are subject to collective bargaining between the University and recognised trade unions’.
Besides, which would the Regent House be in this parley, ‘University’ or ‘staff’? Statutes A II and A III are firm that ‘the University’ for legislative and decision-making purposes is ultimately the Regent House. It could not hold all that over without extensive revision of those Statutes. The Regent House would in effect be conducting these negotiations on both sides, ‘with’ UCU and ‘against’ it.

The Report seems to reduce ‘the University’ in its proposed negotiations with UCU to a puzzling list of prospective members of the Board, to be ‘announced’ in a Notice ‘from time to time’. Why eight members of the ‘Senate’? Representing ‘the University’ are also to be four members of the UAS plus such ‘members of the HR Division’ as are ‘nominated’ by the Director of HR. Proportions and numbers are to be left for agreement with the various unions. UCU not the Regent House will choose who may join the Board as UCU representatives.

In reality is it HR which will be playing ‘the University’ in this drama. The Special and Standing Joint Negotiating Committees proposed in the Report will put UCU into consultation with the Human Resources Division. I suggest members of the Regent House look online at the sheer scale of Cambridge’s HR these days, the twelve sections of the Directorate, its ‘teams’ each abundantly staffed, and particularly the ‘People Strategy’ on its website (dated 2016–21) and its ‘resources’ for ‘staff review and development’. The plan is for UCU to join HR in ‘negotiations’ over such ‘people management’. These may cover ‘the terms and conditions of employment of the staff of the University’ which:

shall mean collective matters relating to: salaries and wages; allowances; hours of work, holidays, and compensation for overtime; payments during absence through sickness; training; recruitment; welfare; recognition of long service.

We can see what has happened in Cambridge’s ‘parent’ University. In Oxford UCU is a recognised trade union. There the counterpart of Cambridge’s proposed Board is a Joint Consultative Committee ‘consisting of equal numbers of members appointed by the University and by the UCU’. In Oxford ‘UCU is consulted on collective matters, in formal meetings, by the employee relations team in University HR’. The HR contacts given online are the Head of HR Policy and the HR Policy Officer. The Administration Officer of UCU has an office in Oxford’s ‘Old Schools’, the University Offices in Wellington Square. As proposed in Cambridge, decisions agreed between UCU and (in reality) HR ‘shall be provided to the [proposed] Board for submission to the Council.’ There is no reference to asking the Regent House and presumably its members will learn about these ‘decisions’ only when their own employment relationship is affected.

There are other constitutionally significant questions to be asked about this Report. Statute A VI 2 allows a Board to be established by Ordinance, but an Ordinance may not be at odds with the Statutes or other Ordinances. The proposals simply lump together in one bargaining category the ‘academic-related’ and in another the ‘academic and research’ staff, both containing a mixture of University Officers and non-University Officers. However, Statute C II has a great deal to say about University Officers and any ‘prescribing of conditions’ for them. The present Report seems not to have engaged with the fact that only ‘subject to the provisions of the Statutes and Ordinances regarding University Officers’ may, ‘the University’: ‘engage persons for employment in the service of the University’; ‘determine their salaries and pensions (if any)’ and ‘prescribe the conditions of their service’. It does not engage at all with the protections University Officers enjoy and which would severely limit the scope of any ‘bargaining’.

The majority of members of the Regent House who are not members of UCU would be wise to think very hard before giving control of their affairs over to a national trade union with its own agenda. It is stated that the proposals would have powers outside the local membership. Some of the UCU members of the Board may be ‘regional representatives’ of the Union, and the national UCU switch to ‘aggregated ballots’ reported in Times Higher Education on 1 July, could apparently drag Cambridge into strikes approved nationally by UCU without local approval, or associate it willy nilly with the wide-ranging policies listed in UCU’s ‘policy hub’. The recent series of nationally UCU-led strikes over pensions, pay and working conditions all concern matters the Regent House can and should deal with, as it did for example in the Topic of Concern Discussion of March 2018 on the USS.

This Report surely needs to go back to the drawing-board for considerable revision. I do not think it can be acceptable for the Council to publish a Notice dismissing these concerns and putting a Grace deep in the Vacation on such an important matter.

Mr G. P. Allen (Wolfson College and Secretary to the Board of Scrutiny), read by the Senior Proctor:

Deputy Vice-Chancellor, the apparently innocuous title of this Report belies a radical overhaul, set out in paragraph 2, of the arrangements for the recognition of Trades Unions in the University, including the reversal of the University’s long-standing position not to recognise the University and College Union. Surely the members of the Regent House, as the custodians of the terms and conditions of academic and academic-related staff, deserve a little more respect than merely being expected to approve the consequential amendments required by the Council’s decisions. In particular, will the Council provide a fuller account of the considerations and circumstances underlying its decisions, together with the various recognition agreements so the Regent House can know what’s going on?

Professor G. R. Evans (Emeritus Professor of Medieval Theology and Intellectual History):

Deputy Vice-Chancellor, ‘the University has ample cash reserves at this stage, but is yet to secure a roadmap to achieving a modest sustainable operating surplus, essential for long term sustainability and renewal’. A ‘roadmap’ for the ‘transition to Enhanced Financial Transparency’ was published in the Reporter of 6 July 2022. I note with some concern that it includes a plan to demote the requirement to replace Allocations from the Chest from Statute to Special Ordinance (in Michaelmas 2022) and then to make changes ‘to allow full transition to EFT’ (late Lent Term 2025). Both will require Reports, but it is always worrying when the level of a piece of the University’s internal legislation is lowered to make it easier to amend.

Some particular areas needing scrutiny are pointed to in the present Report:

One solution must be the achievement of actual cost savings that have been implied in the development of transformation and recovery programmes including Reimagining Professional Services, Reshaping our Estate and the Finance Transformation Programme (which includes Strategic Procurement and Purchasing).

One such ambitious, extensive and potentially costly ‘programme’ has been the HR-led project which has produced two versions so far of a Mutual Respect Policy. That attracted critical comment in the House of Lords debate on the Freedom of Speech Bill on 28 June. Lord Moore said that although this ‘insists that it contains nothing contrary to freedom of speech, it provides for mandatory training courses in which the concept of “respect” can be suborned to enforce or suppress certain opinions’. He imputed this undesirable implication to trends in ‘HR’.

The relevant point for the purposes of the present Report is the connection of such major projects with ‘increased expenditure’ in the UAS, in this case mentioning HR. This ‘includes expenditure on posts for which authority was given as part of the budget for 2021–22 but recruitment has taken longer than planned’. More ‘strategic reviews’ are noted, ‘the Council’s strategic review of student mental health provision, and changes arising from the Audit Committee’s review of the research contracts service’. A consequence has been that for ‘planned activity in the UIS and the UAS’, the Chest allocation ‘requested was materially larger than the allocation available through the approved framework’. Those institutions are involved ‘in a growing volume of programmes and initiatives mandated by the central bodies’.

So this seems a convenient opportunity to ask whether such ‘programmes and initiatives’ are always desirable or likely to give value for money. They represent an optimistic belief that ‘strategic reviews’ work to improve whatever they investigate.

A search of the Reporter throws up ‘strategic review of email provision’; ‘strategic review of undergraduate admissions and outreach’; ‘strategic review of taught M.Phil. courses’ and many more. In its Notice in response to the Twenty-first Report of the Board of Scrutiny in November 2016,1 the Council said that:

In addition to the established cycle of HR policy reviews, the HR Committee has appointed a number of working groups with membership representative of the University community to review and take forward work in key areas of HR policy and practice, including but not limited to: recruitment; promotion; career development; reward; and wellbeing. The HR Division is also conducting an in-depth review of its core business processes to identify opportunities for greater efficiency and effectiveness, and will continue to update its website content to ensure it is accessible and relevant.

It promised that ‘the resourcing implications arising from this work will be carefully considered and activity prioritized accordingly’. I have drawn attention to the HR’s present size and range of activities in a speech earlier this afternoon. I think I need not labour the point further when I suggested that strategic reviews and programmes may not always be the best use of allocations from the Chest and Enhanced Financial Transparency ought to look at them very closely.
