Correction to Notice in response to Discussion remarks

1 August 2023¹

In a Notice published on 26 July, the Council provided a reply to remarks on the General Board's response to the marking and assessment boycott, published on 22 June (*Reporter*, 2022–23; 6706, p. 773; 6710, p. 881). That reply on 26 July confirmed the specific limited criteria the Board had agreed to apply when making decisions about whether to exercise its discretion under Regulation 1 of the Ordinance for the Approval of Class-lists. Although the substance of the criteria was generally conveyed, the criteria themselves were not clearly set out as such in the Board's 22 June Notice, as the 26 July reply implied them to have been. It is regretted that this may have suggested that the question in the remarks was not a fair one.

¹ This Notice was originally published on the *Reporter* website and is reproduced here in accordance with Regulation 2 of the Ordinance for the *Cambridge University Reporter* (Statutes and Ordinances, p. 109).

University of Cambridge Financial Regulations

14 August 2023

The Council, on the advice of the Finance Committee, has approved an amendment to the Financial Regulations. This amendment takes effect from 1 October 2023 and revises the Regulations reproduced in the *Statutes and Ordinances* (p. 1057).

The purpose of the Financial Regulations is to ensure the proper use of finances and resources in a manner which not only satisfies the requirements of internal control expected of a substantial and prominent organization, but also fulfils any legal or financial obligations as laid down by the Statutes and Ordinances of the University, HM Revenue and Customs, the Office for Students, and other authorities.

The amendment increases the current procurement threshold above which departments require three competitive quotes from £1,000 to £5,000. In *Schedule 1 – Competition Procedures* of the Regulations, the two references to £1,000 in the column for the Total Value (before VAT) have therefore been updated to refer to a threshold of £5,000.

Related changes have also been made to the Financial Procedure on expenses.

Dates of Discussions and Council meetings, 2023–24

21 September 2023

The Council has agreed to trial a new meeting schedule in 2023–24. It will meet nine times, with six long, in-person meetings (including one combined with a strategic meeting in March) and three short, online meetings. The dates of those meetings are available to download as a calendar, along with calendars of other central committees.¹ The Council will review the arrangements early in the Easter Term 2024 before agreeing its meeting schedule for 2024–25.

As a result, the Council has agreed that Discussions will take place at 2 p.m. on the following Tuesdays in 2023–24:

Discussions, 2023–24 (Tuesdays at 2 p.m.):

Response to the marking and assessment boycott: Date for receipt of class-lists

31 August 2023¹

The Regent House, by ballot in the Easter Term, approved an amended Grace in respect of dates for submission of class-lists (*Reporter*, 6700, 2022–23, p. 667). This Grace granted authority to allow the Registry, notwithstanding the Ordinances for the Dates of Examinations and for the Approval of Class-lists (*Statutes and Ordinances*, p. 254 and p. 258), to accept a list later than the day or time prescribed by Ordinance.

For Examinations for the Tripos and Preliminary Examinations for which class-lists were expected but not received in June 2023,² the General Board gives notice that the latest date on which the Registry may accept those class-lists shall be **Monday, 16 October 2023**. This is also the date by which the Board is asking for lists of those recommended for awards to be submitted by Degree Committees, and for the delivery of any remaining lists of approved marks and class-lists, for examinations with no prescribed deadline that were conducted in Easter Term 2023.

Boards of Examiners may seek permission exceptionally from the General Board, via generalboard@admin.cam.ac.uk, for the 16 October deadline to be extended. Such applications should explain the reasons for the delay, and indicate the date by which the class-lists will be submitted.

¹ This Notice was originally published on the *Reporter* website and is reproduced here in accordance with Regulation 2 of the Ordinance for the *Cambridge University Reporter* (*Statutes and Ordinances*, p. 109).

² In accordance with Regulation 5 of the Ordinance for the Dates of Examinations (*Statutes and Ordinances*, p. 254).

Procedure for the Review of Decisions of University Bodies

8 September 2023

With immediate effect

The General Board has agreed to amend the Schedule to its Procedure for the Review of Decisions of University Bodies (reproduced in *Statutes and Ordinances*, p. 224). The Procedure provides the University with a means to review decisions taken in relation to individual students by a number of different bodies and issue a Completion of Procedures letter, using a process that is in line with guidance issued by the Office of the Independent Adjudicator. The Schedule sets out the bodies whose decisions are included within the scope of the Procedure. The list of bodies has been updated to include the Fee Remission Panel, which has been set up by the Planning and Resources Committee's Fees and Funding Sub-Committee to consider applications from students for tuition fee remission. These applications were previously considered by the Examination Access and Mitigation Committee and the Postgraduate Committee.

Reassignment of the Chong Hua Professorship of Chinese Development

21 September 2023

The General Board, on the recommendation of the Head of the Department of Politics and International Studies (POLIS), the Chair of the Faculty of Asian and Middle Eastern Studies (AMES), the Managers of the Fund supporting the Professorship, and Professor Hurst, the current holder of the Professorship, has agreed to propose the reassignment of the Chong Hua Professorship of Chinese Development from POLIS to AMES (*Statutes and Ordinances*, p. 741). Agreement has been reached on duties within POLIS that Professor Hurst will continue to undertake during a period of transition (including the supervision of his current Ph.D. students until completion) and on the income to be transferred from the Chong Hua Fund for Chinese Development to AMES to cover the stipend of the Professorship and to support Professor Hurst's research. The Managers of the Fund will not change. The QR income associated with the Professor will continue to be attributed to the School of the Humanities and Social Sciences. The Professorship will revert to POLIS when vacated.

The Council is submitting a Grace (Grace 4, p. 16) for the approval of this reassignment.

Professorial Pay Review, 2022

This Notice gives information about the awards made following a review of professorial pay as at 1 October 2022, conducted in accordance with Annex 7 of the Second Joint Report of the Council and General Board on a New Pay and Grading Structure for Non-Clinical Staff (*Reporter*, 6002, 2004–05, p. 745) and Schedule 2 of the Joint Report of the Council and the General Board on amendments to the pay and grading scheme for non-clinical staff implemented following that Report (*Reporter*, 6302, 2012–13, p. 423).
