REPORTS**Report of the General Board on the outcomes of the Academic Career Pathways (Research and Teaching) and (Teaching and Scholarship) 2025–26 exercises**

The GENERAL BOARD begs leave to report to the University as follows:

1. The Academic Career Pathways (Research and Teaching) and the Academic Career Pathways (Teaching and Scholarship) exercises in respect of promotions to take effect from 1 October 2026 have been completed. The General Board, at its meeting on 3 June 2026, considered recommendations from the Academic Career Pathways Vice-Chancellor's Committee in respect of promotion to the following:

- For applications under **Academic Career Pathways (Research and Teaching)**, promotions to:
 - (i) Professorships at Grade 12;
 - (ii) Clinical Professorships;
 - (iii) Professorships (Grade 11);
 - (iv) Associate Professorships (Grade 10); and
 - (v) Grade 10 for staff with curatorial, conservation and associated responsibilities.
- For applications under **Academic Career Pathways (Teaching and Scholarship)**, promotions to:
 - (i) Professorships at Grade 12 and Teaching Professorships at Grade 12;
 - (ii) Professorships (Grade 11) and Teaching Professorships (Grade 11);
 - (iii) Associate Professorships (Grade 10) and Associate Teaching Professorships (Grade 10);
 - (iv) Associate Professorships (Grade 9) and Associate Teaching Professorships (Grade 9);
 - (v) Senior Teaching Associates (Grade 8); and
 - (vi) Teaching Associates (Grade 7).

With the recommendations for promotion, the General Board had the opportunity to view an extensive report that provided an account of the procedure followed for the evaluation and comparison of the evidence for all applicants. The Board was able to see how recommendations had been made so that, without repeating the entire exercise, it could either approve the recommendations or, if it so wished, consider the basis on which any of the recommendations had been made.

2. The contents of the report were as follows:
 - minutes of the Vice-Chancellor's Committee;
 - costing and statistical information;
 - an equal opportunity report on all applications received; and
 - information on the feedback arrangements, which can be found on the publicly available websites as follows:
 - ACP Research and Teaching: <https://www.acp.hr.admin.cam.ac.uk/feedback>
 - ACP Teaching and Scholarship: <https://www.acptands.hr.admin.cam.ac.uk/feedback>
3. The General Board now recommends the following in relation to applications received under the **Academic Career Pathways (Research and Teaching) exercise**¹:
 - The establishment of 36 Professorships at Grade 12 from 1 October 2026, as set out in Recommendation I. The establishment of these Professorships is proposed on condition that in each case where the person currently holds a permanently established office, that office should be placed in abeyance during the tenure of the Professorship.

¹ The General Board has waived the need for probationary periods for any of the appointments included in this Report.

- The establishment of 4 Clinical Professorships from 1 October 2026, as set out in Recommendation II. The establishment of these Clinical Professorships are proposed on condition that in each case where the person currently holds a permanently established office, that office should be placed in abeyance during the tenure of the Clinical Professorship.
 - The establishment of 30 Professorships (Grade 11) from 1 October 2026, as set out in Recommendation III. The establishment of these Professorships (Grade 11) is proposed on condition that in each case where the person currently holds a permanently established office, that office should be placed in abeyance during the tenure of the Professorship (Grade 11).
 - The appointment of 27 individuals to Associate Professorships (Grade 10) from 1 October 2026, as set out in Recommendation IV, in accordance with Special Ordinance C (ix) (*Statutes and Ordinances*, 2024, p. 93).
 - The appointment of 1 individual with curatorial, conservation and associated responsibilities to a Grade 10 office or position from 1 October 2026, as set out in Recommendation V. The specific office or post to which the individual will be appointed will be determined by the institution concerned.
4. The General Board now recommends the following in relation to applications received under the **Academic Career Pathways (Teaching and Scholarship) exercise**¹:
- The establishment of 1 Professorship at Grade 12 from 1 October 2026, as set out in Recommendation VI. The establishment of this Professorship at Grade 12 is proposed on condition that where the person currently holds a permanently established office, that office should be placed in abeyance during the tenure of the Professorship at Grade 12.
 - The appointment of the 1 individual listed in Recommendation VII to an unestablished Teaching Professorship (Grade 11) from 1 October 2026.
 - The appointment of the 4 individuals listed in Recommendation VIII to Associate Teaching Professorships (Grade 10) from 1 October 2026.
- The appointment of the 8 individuals listed in Recommendation IX to unestablished Associate Teaching Professorships (Grade 9) from 1 October 2026.
 - The appointment of the 10 individuals listed in Recommendation X to unestablished Senior Teaching Associate (Grade 8) from 1 October 2026.
 - The appointment of the 1 individual listed in Recommendation XI to unestablished Teaching Associate (Grade 7) from 1 October 2026.

5. In order to avoid delay in publishing the Report, the General Board has put forward its recommendations before the titles of the Professorships and Teaching Professorships (Grades 12 and 11) and Clinical Professorships have been agreed. The Board will announce these titles at a later date, after consultation with the individuals concerned. The promotion of those named in this Report's recommendations remains contingent on those individuals continuing to be employed by the University on 1 October 2026.

6. The estimated total additional cost in the first year of the proposals for promotion under the Academic Career Pathways (Research and Teaching) scheme will be approximately £801,000. No central fund was provided to support the costs of promotion under the Academic Career Pathways (Research and Teaching) scheme, and so all costs of promotions will be funded by the employing department, in line with the principles of Enhanced Financial Transparency.

7. The estimated total additional cost in the first year of the proposals for promotion under the Academic Career Pathways (Teaching and Scholarship) scheme will be approximately £92,000. Similarly to the above, no central fund was provided to support the costs of promotion under the Academic Career Pathways (Teaching and Scholarship) scheme, and so all costs of promotions will be funded by the employing department, in line with the principles of Enhanced Financial Transparency.
